Lumey Powerbox Series

Power Easy. Live Smart.

The Lumey Powerbox series delivers silent, fuel-free, and long-lasting power for homes, businesses, and outdoor spaces.

Choose the perfect capacity for your needs - from small essentials to heavy-duty setups — all solar-ready and backed by Lumey reliability.

Lumey Powerbox 550

400W (500VA) | 550Wh Battery

Key Features

- Pure sine wave inverter (400W rated)
- Dual AC output sockets
- New: USB and DC ports for phones, fans, and DC bulbs
- LED power indicators
- Lightweight, portable, and silent
- Smart battery management system

Bonus Items

- Free LED bulbs
- Free multi-USB charging cord (all-in-one)

Package Options & Prices

Package Type	Description	Price
Backup Package	Powerbox only	₦230,000
Powerbox + Installation	With installation (no panels)	₦265,000

Solar Package	Powerbox + 1×200W panel	₦290,000
Full Solar Package	Powerbox + panel + installation	₦360,000

Ideal For

- Phones, laptops, routers, fans, LED TVs, DC bulbs
- Students, homes, barbershops, small offices

Lumey Powerbox 1200

800W (1kVA) | 1200Wh Battery

Key Features

- Pure sine wave inverter (800W rated)
- Dual AC outlets + USB & DC ports (new)
- Can charge phones, power bulbs, small appliances
- Smart cooling fan and battery management system

Bonus Items

- Free LED bulbs
- Free multi-USB cord

Package Options & Prices

Package Type	Description	Price
Backup Package	Powerbox only	₦330,000
Powerbox + Installation	With installation (no panels)	₦375,000
Solar Package	Powerbox + 2×200W panels	₦450,000

Instalment Plan full breakdown

Instalment Plan full breakdown

Product: Lumey Powerbox 3300 PRO

- *What It Can Power:*

The Lumey Powerbox 3300 PRO can power all your essential home or office appliances for 6-8 hours, refrigerators and freezers for 10-12 hours, blenders for 2hours+, printers for 6 hours, washing machines for 6-7 hours.. and more

- *Product Price (Off-Grid Price: Full Package):* ₦1,370,000

- *It Contains:* Powerbox, Cables, 2 x 600W Panels, Accessories & Installation

How Our Instalment Payment Plan Works

- *Initial Deposit:*

You can pay any amount as your upfront deposit, but it must be at least 30% of the total price.

- *Monthly Instalment:*

The amount you pay each month is based on:

- How much you pay upfront, and
- The number of months you choose to pay back.

- *Important:*

Once your monthly payment and total repayment are set, they will not change, even if you decide to pay off faster.

- *For example:*

If you choose to pay for 4 months, and this amounts to ₦100,000 monthly (₦400,000 total), and later want to finish in 2 months, you'll still need to pay ₦400,000 in total.

- *Early Payment:*

You can finish paying before your chosen end date, but the total repayment stays the same.

Instalment Payment Calculation Steps

SAMPLE PLAN A: 30% Initial Deposit:

Upfront Deposit (30%):
 $= 0.3 \times \text{₦}1,370,000 = \text{₦}411,000$

Balance to Pay:
 $= \text{₦}1,370,000 - \text{₦}411,000 = \text{₦}959,000$

Monthly Interest (4% of balance to pay):
 $= 0.04 \times \text{₦}959,000 = \text{₦}38,360$

Example of Payment Plans

3-Month Plan

Upfront Payment (30% of Price): ~~₦~~411,000

Total Interest: ~~₦~~38,360 $\times 3 = \text{₦}115,080$

Total Repayment (Balance + Interest): ~~₦~~959,000 + ~~₦~~115,080 = ~~₦~~1,074,080

 Monthly Breakdown (Total Repayment $\div$ Duration): ~~₦~~1,074,080 $\div 3 = \text{₦}358,027/\text{month}$

Total Payment (Upfront + Monthly Installments): ~~₦~~411,000 + ~~₦~~1,074,080 = ~~₦~~1,485,080

6-Month Plan

Upfront Payment (30% of Price): ~~₦~~411,000

Total Interest: ~~₦~~38,360 $\times 6 = \text{₦}230,160$

Total Repayment (Balance + Interest): ~~₦~~959,000 + ~~₦~~230,160 = ~~₦~~1,189,160

 Monthly Breakdown (Total Repayment $\div$ Duration): ~~₦~~1,189,160 $\div 6 = \text{₦}198,193/\text{month}$

Total Payment (Upfront + Monthly Installments): ~~₦~~411,000 + ~~₦~~1,189,160 = ~~₦~~1,600,160

12-Month Plan

Upfront Payment (30% of Price): ~~₦~~411,000

Total Interest: ~~₦~~38,360 $\times 12 = \text{₦}460,320$

Total Repayment (Balance + Interest): $\text{₦}959,000 + \text{₦}460,320 = \text{₦}1,419,320$

▶ Monthly Breakdown (Total Repayment ÷ Duration): $\text{₦}1,419,320 \div 12 = \text{₦}118,277/\text{month}$

Total Payment (Upfront + Monthly Installments): $\text{₦}411,000 + \text{₦}1,419,320 = \text{₦}1,830,320$

👉 *SAMPLE PLAN B: $\text{₦}800,000$ Upfront Payment :*

Upfront Deposit:
 $= \text{₦}800,000$

Balance to Pay:
 $= \text{₦}1,370,000 - \text{₦}800,000 = \text{₦}570,000$

Monthly Interest (4% of balance to pay):
 $= 0.04 \times \text{₦}570,000 = \text{₦}22,800$

📁 *Example of Payment Plans*

🔴 *3-Month Plan*

Upfront Payment: $\text{₦}800,000$

Total Interest: $\text{₦}22,800 \times 3 = \text{₦}68,400$

Total Repayment (Balance + Interest): $\text{₦}570,000 + \text{₦}68,400 = \text{₦}638,400$

▶ Monthly Breakdown (Total Repayment ÷ Duration): $\text{₦}638,400 \div 3 = \text{₦}212,800/\text{month}$

Total Payment (Upfront + Monthly Installments): $\text{₦}800,000 + \text{₦}638,400 = \text{₦}1,438,400$

🔴 *6-Month Plan*

Upfront Payment: $\text{₦}800,000$

Total Interest: $\text{₦}22,800 \times 6 = \text{₦}136,800$

Total Repayment (Balance + Interest): $\text{₦}570,000 + \text{₦}136,800 = \text{₦}706,800$

▶ Monthly Breakdown (Total Repayment ÷ Duration): ₦706,800 ÷ 6 = ₦117,800/month

Total Payment (Upfront + Monthly Installments): ₦800,000 + ₦706,800 = ₦1,506,800

🔴 *12-Month Plan*

Upfront Payment: ₦800,000

Total Interest: ₦22,800 × 12 = ₦273,600

Total Repayment (Balance + Interest): ₦570,000 + ₦273,600 = ₦843,600

▶ Monthly Breakdown (Total Repayment ÷ Duration): ₦843,600 ÷ 12 = ₦70,300/month

Total Payment (Upfront + Monthly Installments): ₦800,000 + ₦843,600 = ₦1,643,600

🌸 *Product: Lumey Powerbox 4100*

- *What It Can Power:*

Basic home and office essentials for 8-9 hours, large fridges and freezers for 10 hours+, washing machines for 10–11 hours, 1.5hp AC for 3–4 hours, 2hp pumping machine for 2–3 hours, and more...

- *Product Price (Off-Grid Price: Full Package):* ₦1,810,000

- *It Contains* Powerbox, Cables, 3 x 600W Panels, Accessories & Installation

🟡 *How Our Instalment Payment Plan Works*

- *Initial Deposit:*

You can pay any amount as your upfront deposit, but it must be at least 30% of the total price.

- ***Monthly Instalment:***

The amount you pay each month is based on:

How much you pay upfront, and

The number of months you choose to pay back.

- ***Important:***

Once your monthly payment and total repayment are set, they will not change, even if you decide to pay off faster.

- ***For example:***

If you choose to pay for 4 months, and this amounts to ₦100,000 monthly (₦400,000 total), and later want to finish in 2 months, you'll still need to pay ₦400,000 in total.

- ***Early Payment:***

You can finish paying before your chosen end date, but the total repayment stays the same.

Installment Payment Calculation Steps

The Instalment Calculation would be done using two (2) case scenarios:

- ***Scenario A:*** A client pays a 30% initial deposit
- ***Scenario B:*** A client pays an Upfront of 50%

SCENARIO A: 30% Initial Deposit

Upfront Deposit (30%):

$$= 0.3 \times \text{₦}1,810,000 = \text{₦}543,000$$

Balance to Pay:

$$= \text{₦}1,810,000 - \text{₦}543,000 = \text{₦}1,267,000$$

Monthly Interest (4% of balance to pay):

$$= 0.04 \times \text{₦}1,267,000 = \text{₦}50,680$$

Example of Payment Plans

3-Month Plan

Upfront Payment (30% of Price): ₦543,000

Total Interest: ₦50,680 × 3 = ₦152,040

Total Repayment (Balance + Interest): ₦1,267,000 + ₦152,040 = ₦1,419,040

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,419,040 ÷ 3 = ₦473,013/month

Total Payment (Upfront + Monthly Installments): ₦543,000 + ₦1,419,040 = ₦1,962,040

6-Month Plan

Upfront Payment (30% of Price): ₦543,000

Total Interest: ₦50,680 × 6 = ₦304,080

Total Repayment (Balance + Interest): ₦1,267,000 + ₦304,080 = ₦1,571,080

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,571,080 ÷ 6 = ₦261,847/month

Total Payment (Upfront + Monthly Installments): ₦543,000 + ₦1,571,080 = ₦2,114,080

12-Month Plan

Upfront Payment (30% of Price): ₦543,000

Total Interest: ₦50,680 × 12 = ₦608,160

Total Repayment (Balance + Interest): ₦1,267,000 + ₦608,160 = ₦1,875,160

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,875,160 ÷ 12 = ₦156,263/month

Total Payment (Upfront + Monthly Installments): ₦543,000 + ₦1,875,160 = ₦2,418,160

SCENARIO B: 50% Upfront Payment

Upfront Deposit (50%):

= 0.5 × ₦1,810,000 = ₦905,000

Balance to Pay:

= ₦1,810,000 – ₦905,000 = ₦905,000

Monthly Interest (4% of balance to pay):

= 0.04 × ₦905,000 = ₦36,200

Example of Payment Plans

3-Month Plan

Upfront Payment (50% of Price): ₦905,000

Total Interest: ₦36,200 × 3 = ₦108,600

Total Repayment (Balance + Interest): ₦905,000 + ₦108,600 = ₦1,013,600

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,013,600 ÷ 3 = ₦337,867/month

Total Payment (Upfront + Monthly Installments): ₦905,000 + ₦1,013,600 = ₦1,918,600

6-Month Plan

Upfront Payment (50% of Price): ₦905,000

Total Interest: ₦36,200 × 6 = ₦217,200

Total Repayment (Balance + Interest): ₦905,000 + ₦217,200 = ₦1,122,200

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,122,200 ÷ 6 = ₦187,033/month

Total Payment (Upfront + Monthly Installments): ₦905,000 + ₦1,122,200 = ₦2,027,200

12-Month Plan

Upfront Payment (50% of Price): ₦905,000

Total Interest: ₦36,200 × 12 = ₦434,400

Total Repayment (Balance + Interest): ₦905,000 + ₦434,400 = ₦1,339,400

 Monthly Breakdown (Total Repayment ÷ Duration): ₦1,339,400 ÷ 12 = ₦111,617/month

Total Payment (Upfront + Monthly Installments): ₦905,000 + ₦1,339,400 = ₦2,244,400

Product: Lumey Powerbox 6500

• *What It Can Power:*

Basic home and Office essentials for 12-13hours. Large fridges and freezers for 24hours+.

Washing machines for 12 hours, 1.5hp AC for 4hours+, 2h

Hp pumping machine 3hours+ and more....

• *Product Price (Off-Grid Price: Full Package):* ₦2,330,000

- *It Contains:* Powerbox, Cables, 4 x 600W Panels, Accessories & Installation

How Our Instalment Payment Plan Works

- *Initial Deposit:*

You can pay any amount as your upfront deposit, but it must be at least 30% of the total price.

- *Monthly Instalment:*

The amount you pay each month is based on:

- How much you pay upfront, and
- The number of months you choose to pay back.

- *Important:*

Once your monthly payment and total repayment are set, they will not change, even if you decide to pay off faster.

- *For example:*

If you choose to pay for 4 months, and this amounts to ₦100,000 monthly (₦400,000 total), and later want to finish in 2 months, you'll still need to pay ₦400,000 in total.

- *Early Payment:*

You can finish paying before your chosen end date, but the total repayment stays the same.

Installment Payment Calculation Steps

The Instalment Calculation would be done using two (2) case scenarios:

- *Scenario A:* A client pays a 30% initial deposit
- *Scenario B:* A client pays an Upfront of 50%

SCENARIO A: 30% Initial Deposit

Upfront Deposit (30%):

$$= 0.3 \times \text{₦}2,330,000 = \text{₦}699,000$$

Balance to Pay:

$$= \text{₦}2,330,000 - \text{₦}699,000 = \text{₦}1,631,000$$

Monthly Interest (4% of balance to pay):

$$= 0.04 \times \text{₦}1,631,000 = \text{₦}65,240$$

Example of Payment Plans

3-Month Plan

Upfront Payment (30% of Price): **₦699,000**

Total Interest: **₦65,240 × 3 = ₦195,720**

Total Repayment (Balance + Interest): **₦1,631,000 + ₦195,720 = ₦1,826,720**

 Monthly Breakdown (Total Repayment ÷ Duration): **₦1,826,720 ÷ 3 = ₦608,907/month**

Total Payment (Upfront + Monthly Installments): **₦699,000 + ₦1,826,720 = ₦2,525,720**

6-Month Plan

Upfront Payment (30% of Price): **₦699,000**

Total Interest: **₦65,240 × 6 = ₦391,440**

Total Repayment (Balance + Interest): **₦1,631,000 + ₦391,440 = ₦2,022,440**

 Monthly Breakdown (Total Repayment ÷ Duration): **₦2,022,440 ÷ 6 = ₦337,073/month**

Total Payment (Upfront + Monthly Installments): **₦699,000 + ₦2,022,440 = ₦2,721,440**

12-Month Plan

Upfront Payment (30% of Price): **₦699,000**

Total Interest: **₦65,240 × 12 = ₦782,880**

Total Repayment (Balance + Interest): **₦1,631,000 + ₦782,880 = ₦2,413,880**

 Monthly Breakdown (Total Repayment ÷ Duration): **₦2,413,880 ÷ 12 = ₦201,157/month**

Total Payment (Upfront + Monthly Installments): **₦699,000 + ₦2,413,880 = ₦3,112,880**

SCENARIO B: 50% Upfront Payment

Upfront Deposit (50%):
 $= 0.5 \times \text{₦}2,330,000 = \text{₦}1,165,000$

Balance to Pay:
 $= \text{₦}2,330,000 - \text{₦}1,165,000 = \text{₦}1,165,000$

Monthly Interest (4% of balance to pay):
 $= 0.04 \times \text{₦}1,165,000 = \text{₦}46,600$

Example of Payment Plans

3-Month Plan

Upfront Payment (50% of Price): $\text{₦}1,165,000$

Total Interest: $\text{₦}46,600 \times 3 = \text{₦}139,800$

Total Repayment (Balance + Interest): $\text{₦}1,165,000 + \text{₦}139,800 = \text{₦}1,304,800$

 Monthly Breakdown (Total Repayment ÷ Duration): $\text{₦}1,304,800 \div 3 = \text{₦}434,933/\text{month}$

Total Payment (Upfront + Monthly Installments): $\text{₦}1,165,000 + \text{₦}1,304,800 = \text{₦}2,469,800$

6-Month Plan

Upfront Payment (50% of Price): $\text{₦}1,165,000$

Total Interest: $\text{₦}46,600 \times 6 = \text{₦}279,600$

Total Repayment (Balance + Interest): $\text{₦}1,165,000 + \text{₦}279,600 = \text{₦}1,444,600$

 Monthly Breakdown (Total Repayment ÷ Duration): $\text{₦}1,444,600 \div 6 = \text{₦}240,767/\text{month}$

Total Payment (Upfront + Monthly Installments): $\text{₦}1,165,000 + \text{₦}1,444,600 = \text{₦}2,609,600$

12-Month Plan

Upfront Payment (50% of Price): $\text{₦}1,165,000$

Total Interest: $\text{₦}46,600 \times 12 = \text{₦}559,200$

Total Repayment (Balance + Interest): $\text{₦}1,165,000 + \text{₦}559,200 = \text{₦}1,724,200$

 Monthly Breakdown (Total Repayment ÷ Duration): $\text{₦}1,724,200 \div 12 = \text{₦}143,683/\text{month}$

Total Payment (Upfront + Monthly Installments): $\text{₦}1,165,000 + \text{₦}1,724,200 = \text{₦}2,889,200$

Important Disclaimer

- Solar Panels Sold Separately:** The solar panels required to charge these generators are sold separately & are not included in the generator's price because most homes are not without light 24 hours & prefer to do without panels.
- Simultaneous Appliance Use:** The estimated run times listed above are based on individual appliance use. Running multiple appliances simultaneously may significantly reduce the run time and may cause damage to the generator. This is not covered by the warranty.
- Warranty Voidance:** Using the generator in a manner that exceeds its recommended capacity or using multiple appliances simultaneously may void the warranty.

2. About Lumey Energy

Who We Are

Lumey Energy is Nigeria's No. 1 leading manufacturer and partners brand in solar generators and power stations. We provide affordable, high-quality, and long-lasting solar power solutions designed for homes, businesses, commercial, students, and remote workers.

Our Mission

To revolutionize energy access by delivering reliable, clean, and cost-effective solar generators that empower individuals and businesses across Nigeria.

Why Choose Lumey Energy?

- ✓ No Fuel, No Noise – Enjoy silent, renewable energy
- ✓ Long-Lasting Batteries – Premium lithium-ion/tubular batteries
- ✓ Affordable Power Solutions – Cost-effective & maintenance-free
- ✓ Multi-Charging Options – Charge via Solar, AC, or Generator

3. Lumey Powerboxes – Our Products

A. Lumey Powerbox 550 (400W, 550Wh)

Perfect for students, small households & remote workers

- ♦ **Powers:** Laptops, Phones, LED TVs, Fans, Light bulbs, CCTV
- ♦ **Duration:**
 - Fan (45W) – 12 hrs
 - Laptop (60Wh) – 9 recharges
 - TV (100W) – 6 hrs

- Smartphone (5000mAh) – 30 recharges

B. Lumey Powerbox 1200 (800W, 1200Wh)

Ideal for homes, small offices & shops

- ♦ **Powers:** Above + Standing Fans, Mini Fridges, Printers
- ♦ **Duration:**
 - Standing Fan (80W) – 12 hrs
 - Mini Fridge (120L, 120W) – 8 hrs
 - Printer (300W) – 4 hrs

C. Lumey Powerbox 2100 (1500W, 2100Wh)

A strong backup for businesses, medium homes & offices

- ♦ **Powers:** Above + Large TVs, Sound Systems, Electric Cookers
- ♦ **Duration:**
 - TV (150W) – 10 hrs
 - Sound System (200W) – 8 hrs
 - Electric Cooker (1000W) – 2 hrs

D. Lumey Powerbox 3300 (1500W, 3300Wh)

A high-capacity power station for extended energy needs

- ♦ **Powers:** Above + Freezers, Water Pumps, Office Equipment
- ♦ **Duration:**
 - Freezer (200L, 200W) – 15 hrs
 - Water Pump (750W) – 4 hrs

E. Lumey Powerbox 6500 (3500W, 6500Wh)

The ultimate off-grid solution for homes, businesses & industries

- ♦ **Powers:** Above + Air Conditioners, Large Freezers, Washing Machines
- ♦ **Duration:**
 - Air Conditioner (1HP, 1000W) – 5 hrs
 - Washing Machine (500W) – 10 hrs

4. Custom Solar Generators

Beyond our standard Lumey Powerboxes, we offer custom-built solar generators up to 20KVa, tailored for homes, businesses, and industries.

What You Get:

- ✓ Designed to your power needs
- ✓ High-efficiency, durable components
- ✓ Scalable for large power consumption

Let's design your perfect power solution!

5. Why Choose Lumey Powerboxes?

- 💡 Eco-Friendly & Sustainable Energy – No emissions, no pollution
- ⚡ Reliable Backup Power – Stay powered during blackouts
- 🔋 Portable, Noiseless & Maintenance-Free – No fuel, no stress
- 🔌 Fast Charging & Multi-Source Recharge – AC, Solar, Generator

- Email: lumeyenergy@gmail.com
- Social: @Lumey_Energy

Welcome to the Future of Affordable and Quality Power

Let's begin with these questions.

- What if power outages were no longer a daily reality?
- What is power could be so affordable and constant
- What if the hum of generators and the cost of fuel became a thing of the past?
- What if you could truly trust your source of electricity—day or night?

At **Lumey Energy**, these “**what ifs**” are already happening.

We are not just a solar brand. We are a movement, reshaping how Nigerians experience power.

In a country where the power grid is unreliable and fuel prices soar by the month, we understand the toll it takes on families, small businesses, schools, hospitals, and everyday life.

From missed deadlines to spoiled goods, sleepless nights to stalled businesses—**the cost of darkness is heavy.**

That's why we created **Lumey Powerboxes**: affordable, reliable, portable solar generators built specifically for Nigerian needs.

No fuel. No noise. No maintenance. Just stable, silent electricity—when and where you need it.

Whether you're a student working through the night, a business owner who can't afford downtime, or a household tired of running costly generators, Lumey gives you one thing: **affordable power you can trust.**

It's more than just solar—it's **peace of mind, economic freedom, and a smarter way to live.**

So welcome.

Welcome to energy evolution.

Welcome to Lumey!

The Power Problem in Nigeria: A Daily Struggle for Millions

For most Nigerians, **power supply isn't just unreliable—it's unpredictable.**

You never know when the lights will go off or for how long. Sometimes it's an hour, sometimes a day, sometimes weeks.

And the frustrating part? You still pay monthly electricity bills for power you never got.

Whether you're a student trying to read for exams, a business trying to keep operations going, or a parent simply trying to run a home, the reality is the same: **our power problems disrupt everything.**

Let's break it down:

- **Blackouts are a part of life:** Over 85 million Nigerians live without any access to electricity at all. And for the rest? It's erratic at best.
- **Fuel costs are draining wallets:** Petrol and diesel prices keep rising. Running a generator for just a few hours a day now costs more than some people earn.
- **Generators come with stress:** Noise, fumes, maintenance, and daily fueling. And don't forget the health and environmental impact—carbon monoxide poisoning, noise pollution, and constant repairs.
- **Businesses lose money daily:** From frozen goods going bad to lost productivity, Nigeria's power problem is one of the biggest threats to small and medium-sized enterprises (SMEs).
- **Health and comfort are compromised:** No power means no fans, no water pumping, no refrigeration. In extreme heat or emergencies, the consequences can be dangerous.

The real tragedy? Nigerians have normalized the abnormal.

Many have gotten used to managing darkness, rationing fuel, and living around the power schedule. But we shouldn't have to.

At **Lumey**, we believe power should be affordable, consistent, clean, and cost-effective. And now, it finally can be.

ABOUT US

Our Story

Lumey Energy is more than a solar company, we're a movement toward affordable, reliable, and sustainable power for all Nigerians.

Born out of frustration with the power crisis and fueled by a passion for impact, Lumey Energy was founded to bridge the energy gap with smart, silent, solar solutions designed for everyday people and businesses.

From students in need of light to families tired of noisy generators and businesses craving stable power, we exist to empower lives—one Powerbox at a time.

Our signature product line—**Lumey Powerboxes**—is built with Nigerian realities in mind. We understand the needs, the budgets, and the challenges, so we created a product that solves all three. With no noise, no fuel, and no stress, our Powerboxes offer true freedom: the freedom to work, live, and rest without power interruptions.

But beyond products, **we are a people-first brand.**

- We believe access to Power Supply isn't a luxury—it's a right,
- And we believe every home, shop, office, and student should be able to say goodbye to blackouts for good.

Whether you live in the city or the outskirts, whether you're powering a small shop or a big dream, **Lumey Energy is here to light the way.**

Because for us, it's about affordability, It's about quality, It's about freedom. It's about peace. It's about light that lasts.

Our Mission, Vision & Commitment

Our Mission

To deliver clean, affordable, and reliable solar energy solutions that empower Nigerians to live, work, and thrive—free from the burden of power outages, fuel costs, and noise pollution.

Our Vision

To become the most trusted solar energy brand across Africa; lighting up millions of lives, one Lumey Powerbox at a time.

We envision a future where every home, business, and street corner runs on clean, efficient, and sustainable power.

Our Commitment

At Lumey Energy, we're committed to:

- **People:** Making energy accessible, understandable, and stress-free for everyone—regardless of income, background, or location.
- **Performance:** Engineering solar generators that are built for Nigeria—durable, long-lasting, and ready for daily life.
- **Progress:** Driving innovation through customer feedback, technology upgrades, and a deep understanding of evolving power needs.
- **Peace of Mind:** Offering zero-maintenance, silent, and portable energy systems backed by warranty and human-centered service.

We don't just power devices.

We power people, productivity, and possibilities.

WHY CHOOSE LUMEY POWERBOXES?

The Lumey Advantage

At Lumey Energy, we understand the energy challenges faced by Nigerians. That's why our Powerboxes are engineered to deliver:

- ✓ **Unmatched Reliability:** Consistent, stable power whenever you need it.
- ✓ **Long-Lasting Performance:** Built with durable, high-quality lithium-ion batteries to last for years.
- ✓ **Zero Fuel, Zero Noise:** Enjoy quiet, clean energy—no fumes, no engine noise, no fuel expenses.
- ✓ **Multiple Charging Options:** Charge with solar panels, grid power, or a generator for ultimate convenience.
- ✓ **Affordability & Savings:** Save significantly on energy costs while investing in a sustainable future.
- ✓ **Portability & Ease of Use:** Compact, plug-and-play designs perfect for any setting.

✓ **12-Month Warranty:** Every product is backed by a full-year warranty for your peace of mind.

Our Promise:

We are committed to helping Nigerians get the best solar solutions that are both affordable and of superior quality. Experience the freedom of reliable power that keeps your home and business running smoothly!

What Is a Solar Generator?

A **solar generator** is a smart, eco-friendly device that lets you **generate, store, and use electricity—without fuel or noise**. It combines three main parts in one compact unit:

- **Solar Panel** – collects sunlight and turns it into electricity
- **Battery** – stores the electricity for when you need it
- **Inverter** – converts the stored power to what your appliances use

It works just like your regular generator, **but without the fuel, fumes, or frustration**. You can also charge it with NEPA (PHCN) or even a fuel generator when sunlight isn't available—giving you flexibility at all times.

Think of it as your personal mini power station—quiet, portable, and ready whenever you need it.

Whether it's your phone, TV, fan, laptop, or PoS machine, a solar generator keeps your essentials running without interruption.

OUR PRODUCTS:

LUMEY POWERBOX 550

Specifications:

- **Output:** 400W
- **Battery Capacity:** 550Wh
- **Warranty:** 12 months

Perfect For:

Homes, students, and small businesses seeking a compact, portable power solution.

What It Powers:

- **Smartphones:** Up to 50+ full charges
- **Laptops:** 10+ full recharges
- **LED Lights:** 10 or more lights for over 12 hours
- **Small Fans:** Run a typical fan for approximately 12 hours
- **Televisions:** Enjoy 6 hours of TV streaming
- **Routers & Decoders:** Continuous operation for internet and cable

Over 550 homes supplied!

Don't let power interruptions hold you back.

Call us today at +2348139743177 or visit www.lumeyenergy.com to order your Lumey Powerbox 550.

Starting at ₦220,000 (Price without panel and installation)

LUMEY POWERBOX 1200

Specifications:

- **Output:** 800W
- **Battery Capacity:** 1200Wh
- **Warranty:** 12 months

Ideal For:

Homes, freelancers, and small offices needing a stronger backup solution.

What It Powers:

- **Smartphones & Tablets:** Multiple charges throughout the day
- **Laptops & Desktop Computers:** Reliable recharges for work and study
- **LED TVs:** Enjoy up to 8 hours of continuous viewing
- **Small Refrigerators/Mini-Fridges:** Keeps food fresh for up to 8 hours
- **Printers & Office Gadgets:** Operate for 4+ hours during peak use
- **Small Kitchen Appliances:** Such as rechargeable blenders and coffee makers
- **Security Devices:** Including CCTV cameras and alarms

Over 375 homes and Offices supplied!

Upgrade your backup power today!

Call +2348139743177 or visit www.lumeyenergy.com to secure your Lumey Powerbox 1200.

Starting at ₦320,000 (Price without panel and installation)

Experience more power and more convenience—no hassle, no noise!

LUMEY POWERBOX 2100

Specifications:

- **Output:** 1500W
- **Battery Capacity:** 2100Wh
- **Warranty:** 12 months

Designed For:

Business owners and families that demand extended power backup for multiple appliances.

What It Powers:

- **Large Home Appliances:** Such as full-size refrigerators and freezers (up to 12 hours)
- **Washing Machines:** Efficient operation for essential laundry needs
- **Multiple Laptops & Computers:** Ideal for office setups and home workstations
- **Televisions & Sound Systems:** Enjoy extended entertainment sessions
- **Office Equipment:** Including printers, scanners, and POS terminals
- **Networking Devices:** Routers, modems, and security systems for uninterrupted connectivity

Over 300 homes and businesses supplied

Starting at ₦500,000 (Price without panel and installation)

Power up with efficiency and reliability.

Contact us now at +2348139743177 or visit www.lumeyenergy.com for your Lumey Powerbox 2100 and experience uninterrupted energy for your business and home.

LUMEY POWERBOX 3300

Specifications:

- **Output:** 1500W
- **Battery Capacity:** 3300Wh
- **Warranty:** 12 months

Best Suited For:

Larger homes, offices, and businesses that need long-lasting and stable energy.

What It Powers:

- **Home Appliances:** Such as full-size refrigerators, deep freezers, and air conditioners (for low-wattage models)
- **Office Equipment:** Computers, printers, and copiers for smooth business operations
- **Entertainment Systems:** Large LED TVs, sound systems, and gaming consoles
- **Security Systems:** Complete CCTV setups and alarm systems
- **Lighting Solutions:** Multiple LED bulbs and decorative lighting for extended hours
- **Communication Devices:** Routers, modems, and teleconferencing setups

Over 200 homes and businesses supplied!

Eliminate blackouts with the power of reliability.

Order your Lumey Powerbox 3300 today by calling +2348139743177 or visiting www.lumeyenergy.com.

Starting at ₦820,000 (Price without panel and installation)

Say goodbye to power interruptions—experience steady, continuous power!

LUMEY POWERBOX 6500

Specifications:

- **Output:** 3500W
- **Battery Capacity:** 6500Wh
- **Warranty:** 12 months

The Ultimate Backup Solution For:

Homes, offices, and organizations with heavy-duty power needs.

What It Powers:

- **Large Appliances:** Such as full-size air conditioners (multiple units), washing machines, and industrial-grade refrigerators
- **Office & Industrial Equipment:** Desktop computers, large printers, photocopiers, and workstations
- **High-Powered Devices:** Including electric cookers, water dispensers, and industrial gadgets
- **Medical Equipment:** Ensuring clinics and health centers remain operational
- **Entertainment & Security Systems:** Full home theater systems, advanced CCTV setups, and alarm systems
- **General Household & Business Needs:** Lighting, fans, routers, and other essential devices

Over 170 Homes, Shops and Organizations Supplied!

Starting at ₦1,500,000 (Price without panel and installation)

For maximum power and reliability, choose Lumey Powerbox 6500.

Call us at +2348139743177 or visit www.lumeyenergy.com now to secure your ultimate power solution.

Invest in the best backup power for your peace of mind.

CUSTOM SOLAR GENERATORS

Need a Custom Solar Solution?

Got bigger energy needs? Whether it's **higher load capacity**, **extended backup time**, or **faster charging**—we've got you covered.

At **Lumey Energy**, we specialize in designing **custom-built solar generators** tailored to your exact requirements. From 3.5kVA to over 20kVA, we engineer robust power stations for homes, offices, businesses, and industrial setups.

- ✓ Built to your specifications
- ✓ High-efficiency lithium batteries
- ✓ Reliable, long-term performance
- ✓ Zero fuel. Zero noise. Zero stress.

Tell us what you need. We'll build it.

Lumey Powerbox Load Estimate Guide

A practical guide to help you understand what each Lumey Powerbox can power and for how long. Designed to assist you in making smart load combinations for better energy use.

Lumey Powerbox 550 (400W | 550Wh)

Ideal for: Freelancers, Students, Remote Workers, Light Home Users

Load Combo A:

- 1 Laptop (60W)
- 1 Wi-Fi Router (10W)
- 1 Phone Charging (10W)
- 1 LED Bulb (10W)

Total Load: 90W

Estimated Runtime: ~6 hours

Load Combo B:

- 1 32" LED TV (80W)
- 1 Rechargeable Standing Fan (50W)
- 1 Phone Charging (10W)

Total Load: 140W

Estimated Runtime: ~3.5 hours

Lumey Powerbox 1200 (800W | 1200Wh)

Ideal for: Fashion Designers, Hair Stylists, Night Traders

Load Combo A:

- 1 Sewing Machine (90W)
- 1 Standing Fan (75W)
- 2 LED Bulbs (20W)
- 1 Phone Charging (10W)

Total Load: 195W

Estimated Runtime: ~6 hours

Load Combo B:

- 1 Small Fridge (150W)
- 1 32" TV (80W)
- 1 Decoder (30W)
- 1 Standing Fan (75W)
- 1 WiFi Router (10W)

Total Load: 345W

Estimated Runtime: ~3 hours

Lumey Powerbox 2100 (1500W | 2100Wh)

Ideal for: Salons, Shops, Tailors, Evening Businesses

Load Combo A:

- 1 Hair Clipper (15W)
- 1 Standing Fan (75W)
- 1 Ring Light (30W)
- 1 TV + Decoder (110W)
- 2 Phone Charging (20W)
- 1 Small Fridge (150W)

Total Load: 400W

Estimated Runtime: ~5 hours

Load Combo B:

- 2 Laptops (120W)
- 1 Printer (100W)
- 1 Small Fridge (150W)
- 2 LED Bulbs (20W)
- 1 Standing Fan (75W)

Total Load: 465W

Estimated Runtime: ~4 hours

✓ Lumey Powerbox 3300 (1500W | 3300Wh)

Ideal for: Restaurants, Football Viewing Centres, Barbershops, Homes

🔌 Load Combo A:

- 1 50" TV + Decoder (130W)
- 1 Standing Fan (75W)
- 1 Freezer (200W)
- 2 Phones (20W)
- 1 Laptop (60W)

Total Load: 485W

Estimated Runtime: ~6.5 hours

🔌 Load Combo B:

- 1 Sewing Machine (90W)
- 1 Electric Iron (1000W)
- 1 Standing Fan (75W)

Total Load: 1165W

Estimated Runtime: ~2.5 hours

✓ Lumey Powerbox 65000 (3500W | 6.5kWh)

Ideal for: Cold Rooms, Large Homes, Poultry, Pharmacies, Canteens

🔌 Load Combo A:

- 1 Freezer (200W)
- 1 Fridge (150W)
- 2 Standing Fans (150W)
- 1 50" TV + Decoder (130W)
- 3 Laptops (180W)
- 1 Router (10W)
- 2 Phone Charging (20W)

Total Load: 840W

Estimated Runtime: ~7.5 hours

🔌 Load Combo B:

- 1 Cold Room Unit (1200W)
- 1 CCTV System (60W)
- 2 LED Bulbs (20W)
- 1 POS (10W)

- 1 TV + Fan Combo (155W)
Total Load: 1445W
Estimated Runtime: ~4.5 hours
-

Note: Actual runtime may vary depending on appliance efficiency and real-time power draw.

REAL CUSTOMERS, REAL RESULTS

What Our Customers Say:

☀️ **“Lumey Powerbox 2100 has transformed my business – I no longer worry about fuel costs or power outages. My shop runs seamlessly all day!”**

– Akin, Business Owner

☀️ **“Working remotely has never been easier. The Powerbox 1200 keeps my laptop, internet, and essential devices running smoothly. No more interruptions!”**

– Tolu, Freelancer

☀️ **“I was amazed by the affordability and quality of Lumey Energy’s products. Their solar solutions have given me the peace of mind I needed for my home.”**

– Chinyere, Homeowner

1. Introduction

Welcome to Lumey Energy!

Thank you for purchasing a Lumey Powerbox. We are committed to delivering high-quality and affordable solar solutions to meet your power needs, whether at home, in the office, or on the go. This comprehensive manual will guide you through the features, setup, usage, and maintenance of your Lumey Powerbox.

The Lumey Powerbox is a reliable, efficient, and eco-friendly power backup system designed to keep you powered up wherever you are. It's perfect for a variety of applications including powering household devices, offices, small businesses, or outdoor equipment.

2. Safety Precautions

Before using the Lumey Powerbox, please carefully read the following safety guidelines:

1. **Proper Handling:**
 - Always handle the unit with care to avoid damage.
 - Do not expose the Powerbox to extreme temperatures (above 45°C or below 0°C).

- Avoid placing the unit on soft surfaces that may block ventilation (e.g., bed or sofa).
2. **Charging Safety:**
- Only use the provided charging cables and adapters.
 - When charging via solar panel, ensure the panel is installed in a safe location with full sun exposure.
 - Do not leave the unit plugged into the charger overnight or beyond the recommended charging time.
3. **Device Usage:**
- Do not exceed the wattage limits for each model. Overloading may cause overheating, damage to the Powerbox, or cause the connected devices to malfunction.
 - If using with sensitive electronics (e.g., medical equipment), ensure compatibility and use a surge protector if needed.
4. **Water and Moisture:**
- Keep the Powerbox away from water, moisture, or any source of water exposure. Do not operate near open flames or in humid environments.
5. **Storage:**
- When not in use for extended periods, store your Powerbox in a cool, dry place. Avoid storing it in direct sunlight or near a heat source.
-

3. Product Overview

The Lumey Powerbox series is a range of portable solar-powered generators designed to meet varying energy needs. Each model provides a reliable source of power for everyday devices, ensuring you stay connected, productive, and powered up even during power outages.

- **Battery Technology:** Lithium-ion battery for enhanced performance and lifespan.
- **Multiple Charging Options:** Solar, grid, and generator charging for flexibility.
- **Portable & Compact:** Easy to carry and store for on-the-go power.
- **Environmentally Friendly:** A clean alternative to gasoline generators.

Product Models:

- **Lumey Powerbox 550**
- **Lumey Powerbox 1200**
- **Lumey Powerbox 2100**
- **Lumey Powerbox 3300**
- **Lumey Powerbox 6500**

4. Unboxing and Setup

Upon receiving your Lumey Powerbox, follow these steps to ensure proper setup:

1. Unboxing:

Open the packaging carefully. Remove all parts, including:

- Powerbox unit
- Solar panel (if applicable)
- Power cables
- User manual
- Warranty card

2. Visual Check:

- Inspect the unit for any visible damage during transit.
- Ensure all parts are intact.

3. Setting Up:

- Place the Powerbox on a flat surface to allow proper ventilation.
- Connect the provided solar panel to the input port (if applicable). Make sure the panel is placed in a sunny spot for maximum charging efficiency.
- Plug your devices into the AC/DC outputs as required.
- Press the power button to turn on the Powerbox.

5. Detailed Operating Instructions

1. Powering Devices:

- Plug in your device(s) to the Powerbox. You can use the AC, DC, or USB ports, depending on your device's power requirements.
- The Powerbox will automatically distribute power to your devices.
- The display screen (if available) will show the remaining battery percentage and output wattage.

2. Turning On/Off:

- To turn on the Powerbox, press and hold the power button for 3 seconds.
- To turn off, press and hold the button again until the screen shuts off.

3. Battery Monitoring:

- The Powerbox will display the battery level. When it gets below 20%, recharge it to prevent deep discharge.

6. Charging & Recharging Your Lumey Powerbox

To recharge your Lumey Powerbox, use any of the following methods:

- **Solar Charging:**
 - Place your solar panel in a sunny location.
 - Connect the solar panel to the Powerbox input port.
 - Charging time varies depending on the model and sunlight conditions.
- **Grid Charging:**
 - Use the provided AC adapter to plug into a standard wall outlet.
 - Charging time varies based on the model and battery capacity.
- **Generator Charging** (if applicable):
 - You can connect your Powerbox to a compatible generator for faster charging.

7. Product Features

Here's a list of key features for Lumey Powerbox:

- **Multiple Output Ports:** Power a variety of devices via AC, DC, and USB ports.
- **Battery Capacity:** Each model offers different battery sizes to meet various power needs.
- **Built-in LCD Display:** Monitors power output, input, and battery life.
- **Portable Design:** Ideal for home, office, or outdoor activities.
- **Surge Protection:** Built-in surge protection to safeguard sensitive electronics.
- **Silent Operation:** Unlike gas-powered generators, the Lumey Powerbox operates silently.

8. Appliance Compatibility & Load Estimation

To help you understand which appliances can be powered by your Lumey Powerbox, here's a basic guide based on power consumption:

- **Example Load for Lumey Powerbox 3300:**
 - 1 x 100W Fan → 33 hours
 - 1 x 150W Laptop → 22 hours
 - 1 x 200W Refrigerator → 16 hours

- 1 x 40W LED Bulb → 82 hours

To estimate the load for other appliances, refer to the watts (W) marked on the device. Multiply the wattage by the hours of use to get the total watt-hours (Wh).

9. Troubleshooting

If you encounter issues with your Lumey Powerbox, refer to the following troubleshooting tips:

- **Powerbox Not Turning On:**
 - Check if the battery is charged.
 - Ensure the power button is held for at least 3 seconds.
 - Verify that the Powerbox isn't overloaded.
 - **Low Power Output:**
 - Check for device overload.
 - Ensure the battery is sufficiently charged.
 - Ensure the connected device is compatible with the Powerbox.
 - **Charging Issues:**
 - Ensure the solar panel or AC adapter is properly connected.
 - Check the solar panel's position for maximum sunlight exposure.
-

10. Maintenance & Care

To extend the lifespan of your Lumey Powerbox, follow these guidelines:

- **Regular Cleaning:**
 - Wipe the surface with a dry cloth to remove dust and debris.
 - Do not use water or cleaning products that may damage the unit.
- **Battery Care:**
 - Avoid completely discharging the Powerbox frequently.
 - Store the unit in a cool, dry place when not in use.
 - Charge the unit at least every 3 months if not in regular use.
- **Check Cables & Ports:**
 - Regularly inspect cables for wear and tear.
 - Ensure all charging and output ports are free from debris.

11. Warranty & Support

Each Lumey Powerbox comes with a **12-month warranty** that covers manufacturing defects. Please keep your proof of purchase.

- **Warranty Exclusions:**
 - Damages due to mishandling, misuse, or accidents.
 - Natural wear and tear.
 - Damages caused by environmental factors (e.g., floods, fires).

Warranty Claim Process:

1. Contact customer support via email or phone.
2. Provide proof of purchase and a description of the issue.
3. Follow the steps provided by our customer service team.

12. Terms and Conditions

By using the Lumey Powerbox, you agree to the terms and conditions as outlined in the product documentation. Any misuse or failure to follow the safety instructions may void the warranty.

13. Contact Information

Terms and condition

Terms and Conditions for Solar Generators

1. Introduction

These Terms and Conditions govern the use of the solar generator purchased from Lumey Energy. By purchasing, using, or otherwise accessing the Product, you agree to abide by the following Terms and Conditions.

2. Product Use

- The solar generator is intended for personal and commercial use to provide electricity from a battery bank.

The solar generator can be charged using solar energy, wind energy, or the grid (NEPA).

- You agree to use the solar generator only for its intended purpose and per the manufacturer's guidelines and instructions.
- do not overload, use in a wet area, or integrate to another system.
- Unauthorized modifications, repairs, or alterations to the Product are prohibited and may void the warranty.

3. Ownership and Title

- Title to the solar generator remains with Lumey energy until payment is fully received, and all obligations are met.
- For purchases, the Customer obtains ownership upon full payment.
- For installments, the Company will have possession of the Product until the payment is completed according to the agreements.

4. Warranty and Repairs

- The solar generator is covered by a 1 year limited warranty, and the battery is covered by 5 years of warranty, starting from the date of delivery or installation.

- The warranty covers defects in material and workmanship but excludes damage resulting from misuse, neglect, accidents, or unauthorized repairs.
- For warranty claims, the Customer must provide proof of purchase and report any defects promptly.
- Repairs outside of warranty coverage may incur additional costs, and Lumey energy will provide an estimate for such repairs before any work is carried out.

5. Installation and Maintenance

- Lumey energy or an authorized agent will carry out the installation of the solar generator, unless otherwise agreed upon.
- The Customer must provide access to the property and ensure the installation site is suitable for installation, including meeting any regulatory requirements.
- The Customer is responsible for maintaining the solar generator as outlined in the user manual and ensuring it's safe operation.

6. Payment and Pricing

- All payments must be made in full according to the pricing provided at the time of purchase, unless otherwise stated by an agreement.
- Prices may be subject to change without notice, but any agreed-upon purchase price is fixed once an order is confirmed for a limited period of time.
- Late payments may or may not incur additional fees as outlined in the agreement between the sales agent of the company and the customer.

7. Returns and Cancellations

- Returns of the solar generator are accepted within 3 days of initial purchase, provided the Product is in its original condition and packaging.
- A restocking fee may apply for returned items.
- Custom or special order items may not be eligible for return.

- Cancellations must be made within 3 days of initial deposit. Orders canceled after this period may incur a cancellation fee which is 5% of the price of the product ordered.

8. Limitations of Liability

-Lumey energy shall not be held liable for any indirect, incidental, or consequential damages, including but not limited to loss of power, equipment damage, or property loss, resulting from the use or inability to use the solar generator.

- The maximum liability of Lumey energy shall not exceed 50% of the total amount paid by the Customer for the Product.

9. Superior forces.

- Lumey energy shall not be held responsible for any delays or failure to fulfill its obligations due to events beyond its control, including but not limited to Natural disasters, Wars, Public health crises, Political crises, Unexpected family obligations, Strikes, Blockades, Embargoes, Civil disturbances, and Nuclear contamination.

10. Compliance with Laws

- The Customer agrees to comply with all local, state, and federal laws and regulations regarding the installation, use, and disposal of the solar generator, including obtaining necessary permits if required.

11. Privacy and Data Collection

- Lumey energy collects certain personal and technical data related to the purchase and use of the solar generator. This data includes but is not limited to phone number, full name of customer, address, type of product bought, date it was bought. These will be used in keeping track of vitals and also for future references.

12. Governing Law and Dispute Resolution

- This Agreement shall be governed by the laws of Nigeria.

- Any disputes arising under this Agreement shall be resolved through mediation/arbitration by a neutral third party, and the venue for any proceedings shall be in Akure Ondo State, Nigeria.

13. Changes to Terms

- Lumey energy reserves the right to modify or update these Terms and Conditions at any time. Changes will be posted on our media outlets including but not limited to our website, and by continuing to use the Product, you agree to the updated Terms and Conditions.

14. Contact Information

For any questions or concerns about these Terms and Conditions or the Product, please contact us at:

About Us

(Suggested Image: A team of experts assembling a Lumey Powerbox)

At Lumey Energy, we envision a world where electricity is accessible, reliable, and sustainable. To achieve this, we develop innovative, high-quality, affordable alternative energy solutions, primarily powered by solar and other renewable sources.

As Nigeria's leading indigenous solar brand, we specialize in the manufacturing and sales of Solar Generators, Power Stations, and Energy Storage Banks, ensuring clean and uninterrupted power for homes, businesses, and industries.

Why Choose Lumey Energy?

- ✓ **Innovation-Driven:** We continuously enhance our technology for superior efficiency.
- ✓ **Affordable & Cost-Saving:** Save up to **85% on energy costs** with our solar generators.
- ✓ **Zero Noise, Zero Fuel:** No more noisy, fuel-guzzling generators—just clean, quiet energy.
- ✓ **Long Battery Life:** Advanced **lithium-ion** and **tubular battery technology** for extended performance.
- ✓ **Custom Solutions:** Need something specific? We build **custom solar generators** to meet your unique energy demands.

Our Products

(Suggested Image: A sleek product showcase of Lumey Powerboxes)

From **compact home solutions** to **powerful business-grade energy stations**, Lumey Powerboxes keep you powered—no matter the situation.

☀️ Lumey Powerbox Series:

- 🔋 **Lumey Powerbox 550** (400W | 550Wh) – Ideal for small home and office use.
- 🔋 **Lumey Powerbox 1200** (800W | 1200Wh) – Perfect for extended power backup.
- 🔋 **Lumey Powerbox 2100** (1500W | 2100Wh) – Reliable for home appliances and business tools.
- 🔋 **Lumey Powerbox 3300** (1500W | 3300Wh) – Advanced energy for business and industrial use.
- 🔋 **Lumey Powerbox 6500** (3500W | 6500Wh) – Heavy-duty power for larger energy needs.

Custom Solar Generators

(Suggested Image: Engineers assembling a high-capacity solar generator):

Need a Custom Solar Solution?

Got bigger energy needs? Whether it's **higher load capacity**, **extended backup time**, or **faster charging**—we've got you covered.

At **Lumey Energy**, we specialize in designing **custom-built solar generators** tailored to your exact requirements. From 3.5kVA to over 20kVA, we engineer robust power stations for homes, offices, businesses, and industrial setups.

- ✓ Built to your specifications
- ✓ High-efficiency lithium batteries
- ✓ Reliable, long-term performance
- ✓ Zero fuel. Zero noise. Zero stress.

Tell us what you need. We'll build it.

 **Get started today!** Contact us for a custom quote.

How It Works

(Suggested Icons: Solar Panels, Charging, Power Supply)

- ① **Charge Your Powerbox** – Use solar panels, grid electricity, or a backup generator.
- ② **Store Energy Efficiently** – Our high-capacity batteries store power for extended use.
- ③ **Power Your Devices** – Seamless energy for your home, office, or business.

[Start Your Solar Journey]

Who We Serve

(Suggested Image: A family using Lumey Powerbox at home)

Whether you're a **homeowner, student, business owner, or remote worker**, Lumey Energy has the perfect power solution for you.

- ♦ **Households** – Reliable backup power for daily essentials.
- ♦ **Students & Remote Workers** – Stay powered through your tasks without interruptions.
- ♦ **Businesses & Offices** – Sustainable energy for uninterrupted workflow.
- ♦ **Shops & SMEs** – Keep your business running, no matter the power situation.

Product Details:

Lumey Powerbox 550

Perfect for Students, Small Homes, and Light Users

Stay powered through Nigeria's frequent blackouts with this ultra-portable and budget-friendly

energy companion. The Lumey Powerbox 550 is built for light users who value simplicity, silence, and affordability.

Use Cases:

- Great for students, single rooms, and small apartments
- Keeps your phones, laptops, bulbs, fans, TV, decoders, clippers, and MP3 players running
- Ideal for those who need a basic, dependable backup solution

Technical Details:

- **Output Capacity:** 400W
 - **Battery Size:** 550Wh Lithium-ion
 - **Charging Options:** Solar, AC(Grid), Generator
 - **Noise Level:** 5dB (Silent Operation)
 - **Weight & Portability:** Lightweight, easy to carry
 - **Warranty:** 12 Months
 - **Zero Maintenance Required**
-

Lumey Powerbox 1200

Reliable Energy for Remote Work, Freelancers, and Growing Homes

Whether you are working from home or running a small business, the Lumey Powerbox 1200 delivers reliable power to keep your productivity uninterrupted.

Use Cases:

- Powers Smartphones, laptops, TVs, printers, internet routers, fans, lights, decoders, CCTV, and more
- Ideal for freelancers, small families, and those needing longer hours of backup
- Quiet, efficient, and suitable for indoor and outdoor use

Technical Details:

- **Output Capacity:** 800W
 - **Battery Size:** 1200Wh Lithium-ion
 - **Charging Options:** Solar, AC (Grid), Generator
 - **Backup Duration:** 8–12 hours (depending on usage)
 - **Noise Level:** 5dB
 - **Warranty:** 12 Months
 - **User-Friendly Plug-and-Play Setup**
-

Lumey Powerbox 2100

Power for Small Offices, Boutiques, and Active Homes

This mid-range Powerbox is designed to run multiple appliances at once, perfect for busy homes and small businesses that require consistent power.

Use Cases:

- Powers fridges, TVs, fans, printers, multiple laptops, PoS machines, lights, and routers
- Ideal for small retail shops, offices, salons, and family apartments
- Saves fuel costs and prevents damage from voltage fluctuations

Technical Details:

- **Output Capacity:** 1500W
 - **Battery Size:** 2100Wh Lithium-ion
 - **Charging Options:** Solar, AC (Grid), Generator
 - **Backup Duration:** Up to 12 hours
 - **Noise Level:** 15dB
 - **Warranty:** 12 Months
 - **Fast Charging | Stable Output | No Fumes**
-

Lumey Powerbox 3300

Reliable Backup for Full Homes, Offices, and Commercial Spaces

The Lumey Powerbox 3300 provides dependable backup for bigger needs—ensuring smooth power delivery for business continuity and home comfort.

Use Cases:

- Powers air conditioners, CCTV, freezers, fridges, multiple computers, lighting, TVs, fans, routers
- Ideal for larger apartments, offices, places of worship, clinics, and shared working spaces
- Efficient energy management and quick recharge times

Technical Details:

- **Output Capacity:** 1500W
- **Battery Size:** 3300Wh Lithium-ion
- **Charging Options:** Solar, AC (Grid), Generator
- **Backup Duration:** 10–18 hours depending on load
- **Noise Level:** 25dB

- **Warranty:** 12 Months
- **Advanced Battery Management System**

Lumey Powerbox 6500

Heavy-Duty Power for Large Homes, Worksites, and Critical Operations

Built for power users and critical infrastructure, the Lumey Powerbox 6500 handles intense usage with ease—your go-to for serious backup demands.

Use Cases:

- Powers deep freezers, washing machines, multiple ACs, water pumps, workstations, routers, lights, printers, and full home/office setups
- Perfect for farms, hospitals, construction sites, estates, and industrial use
- Built for durability and long runtimes

Technical Details:

- **Output Capacity:** 3500W
- **Battery Size:** 6500Wh Lithium-ion
- **Charging Options:** Solar, AC(Grid), Generator
- **Backup Duration:** Up to 24 hours (depending on load)
- **Noise Level:** 30dB
- **Warranty:** 12 Months
- **Weather-Resistant | Smart Load Handling**

Lumey Load Estimator & Duration Calculator

Lumey Load Estimator & Duration Calculator

Mark Ajekevwo & Ajemark

🧩 Purpose:

This tool is designed to **help potential customers estimate their daily energy consumption** and **get product recommendations** based on their appliance usage. It simplifies decision-making, increases engagement, and builds trust.

🔧 FUNCTIONAL FLOW OVERVIEW

👣 User Journey Flow

1. **User lands on the Load Estimator Page**
 2. They're prompted to input appliances, watt ratings, and usage duration
 3. The calculator **computes total load in Wh**
 4. It **matches the total load with Lumey Powerboxes** and displays recommendations
 5. The tool displays **estimated runtime** per box
 6. CTA buttons (WhatsApp or Order) appear below the results
-

💻 Frontend Layout (UI Elements)

✨ Section Title:

📱 Estimate Your Load & Discover the Right Powerbox

Know your energy need, estimate usage hours, and choose your ideal Lumey Powerbox—simple and fast.

Input Table (Dynamic Form)

Appliance Name	Power Rating (W)	Duration (Hours/day)	Action	
Text Field	Number Field	Number Field	Delete Button ()	

- Users can **add multiple rows** by clicking + [Add Another Appliance](#)
- Fields are validated (only numbers allowed in power & duration)

Calculation Logic (In JavaScript)

For each appliance:

energyConsumptionPerAppliance = wattage * hours;

Total Load (Wh):

totalLoadWh = sum of all energyConsumptionPerAppliance

Results Display Area

Once calculation is complete, show:

 **Your Total Estimated Load: 1650Wh**

Recommended Powerbox Suggestions (Dynamic Matching)

Based on totalWh, return appropriate product(s):

Product	Capacity (Wh)	Estimated Runtime	Note	
Lumey Powerbox 2100	2100Wh	~10–12 hours	Closest match	

Product	Capacity (Wh)	Estimated Runtime	Note	
Lumey Powerbox 3300	3300Wh	~15–20 hours	More runtime	
Lumey Powerbox 1200	1200Wh	✗ Not enough		

- Products with *insufficient capacity* should be marked with ✗ or warning

Product Capacities to Use for Logic

- **Powerbox 550:** 550Wh
- **Powerbox 1200:** 1200Wh
- **Powerbox 2100:** 2100Wh
- **Powerbox 3300:** 3300Wh
- **Powerbox 65000:** 6500Wh

Runtime Estimation (Simple Formula)

Assume 80% usable battery (efficiency):

`usableBattery = productCapacity * 0.8;`

`estimatedRuntime = usableBattery / totalLoadWh;`

e.g.

For 2100Wh box and 1650Wh usage:

```
Runtime = 2100 * 0.8 / 1650 ≈ 1.01 days (~10–12 hours
depending on appliance use)
```

Additional Functional Elements

- ☒ **Preset appliance options** (dropdown):

- Light bulb – 15W
 - Standing fan – 75W
 - Laptop – 60W
 - TV – 80W
 - Refrigerator – 150W
 - Freezer – 250W
 - Iron – 1000W
 - etc.
- 🌟 **Help Tooltips** for each input
 - 💬 **“Talk to an Expert” CTA** linked to WhatsApp or Support
-

📞 **Call-to-Action (after results):**

Not sure how to estimate properly?

💬 **[Chat with a Lumey Power Consultant]** (WhatsApp Link)

🛒 **[Order Now]** (Takes to Shop Page)

🔑 **Backend (Optional – If You Want Tracking or Analytics)**

- Track what users are calculating (for sales insight)
 - Capture optional email for sending load report
 - Analytics: most common load profiles, average Wh requests
-

📱 **Responsive Consideration:**

- Make the calculator mobile-friendly
 - Collapse inputs into card blocks for easier touch input
 - Result area should stick at bottom or float for visibility
-

✅ **Summary Checklist for Designer**

- ☐ Load Estimator Page with form + real-time calculator
- ☐ Add/Remove Appliance Input Fields

- ☐ Total Load Calculation (JS)
 - ☐ Product Recommendation Logic
 - ☐ Runtime Estimation Logic
 - ☐ Pre-filled appliance dropdown
 - ☐ CTA Buttons (WhatsApp, Order Now)
 - ☐ Tooltips for education
 - ☐ Fully responsive design
-

CONTENT STRATEGY FOR 3 MONTHS

CONTENT PLAN/STRATEGY (FOR 3 MONTHS)

LUMEY ENERGY 3-MONTH CONTENT STRATEGY

1. SOCIAL MEDIA STRATEGY (4–5 Posts Weekly)

victor ogunnirar **cookeyable@gmail.com**

Posting Days: Monday, Tuesday, Wednesday, Thursday, Sunday

Platforms: Instagram, Facebook, Twitter/X, TikTok, LinkedIn (optional)

A. Social Media Flyers/Carousels

Day	Content Type	Focus
Monday	Educative	Solar facts, electricity best practices, battery care, safety tips
Wednesday	Product-Focused	Showcase Powerbox models, specs, prices, what it can power
Thursday	Testimonials & Use Cases	Real customer experiences, "Meet Blessing"-style stories
Sunday	Light-Hearted Trivia (Engagement)	"Sunday Spark ⚡" – fun questions, polls, myths about solar

Style: Carousels, image-based posts, short reels, or short-form case studies.

B. Repurpose Blog Posts (2x Weekly – Tue & Thu)

Day	Format	Purpose
-----	--------	---------

Tuesday	Quote or Hook + Blog Snippet	Drive traffic to blog via sharp captions and benefit-driven copy
Thursday	Carousel summary or visual snippet	Blog highlights in digestible carousel form

Example:

“Tired of NEPA disappointment?

Here’s why 10,000+ Nigerians are switching to solar

Read the full blog [\[link\]](#)”

C. Videos (2 Weekly)

Primary Video Types:

1. Explainers:

- How Lumey Powerboxes work
- Solar vs Generator comparison
- Charging options breakdown

2. Use Cases & Testimonials (Vlog-style):

- Visit a restaurant using Powerbox 6500
- Tailor or PoS agent powered by 2100

3. Product Tutorials:

- How to plug, charge, and use
- Common mistakes & FAQs

4. Behind the Scenes (Optional)

- Product testing, packaging, installation days

Distribution: YouTube, Instagram Reels, Facebook, WhatsApp status, website embed

3. MONTHLY CONTENT THEME SUGGESTIONS

Month	Theme	Content Focus
Month 1	Awareness & Anticipation	Educate, introduce brand, solve key pain points
Month 2	Trust & Use Cases	Feature testimonials, proof of work, installation walkthroughs
Month 3	Deep Education & Conversions	More blog depth, product pages, comparison posts, offer callouts

4. ADDITIONAL CONTENT IDEAS

- **Customer Spotlights:** Monthly featured customer (photo + quote + story)
- **Mini-Series:** “One Appliance, One Powerbox” – match products to specific load needs weekly
- **Ask Lumey Wednesdays:** Answer popular questions from DMs/comments
- **Behind-the-Scenes:** Unboxing, packing, solar panel setup, etc.
- **Live Q&A Sessions:** Monthly IG Live or WhatsApp training/demo

5. HASHTAG STRATEGY

Sample hashtags to rotate:

#LumeyEnergy #SolarInNigeria #GoSolarNaija #SilentPower #FuelFreeLife

#Solar #Power #SolarEnergy #SolarGenerator #NEPAAAlternative
#SolarForBusiness #24hrPower #LightUpNigeria #Nepa

DRAFT

1. SOCIAL MEDIA STRATEGY (3 months starter)

A. Social Media Flyers/ Carousels

4 days weekly (Monday, Wednesday, Friday, and SUNDAY)

1. Educative around Solar, electricity usage, safety and best practices, etc (Monday)
2. Product base: promote our products (Wednesday)
3. Customer Reviews / Use Cases
Scenarios/ Testimonials (Thursday)
4. Sunday Trivia... It's Sunday, illumeynate your world (Sunday)

B. Repurposing Blog Posts (Tuesday and Thursday)

Summary/snippets to ask people to read (to be shared on social media)

C. Videos (2 videos / week)

- mainly to educate about/around the products
- Explain how to use the products
- product use cases
- different use case scenarios
- Vlog: Visit places where the products are being used

D. Blog Post (Tuesday and Thursday)

Lumey Energy Educational Carousels

https://docs.google.com/document/d/1o7S9kKgZ4FuPeDzK_ilMa0ieMJi7Ms1CcNqyoEv2iqU/edit?usp=sharing

1. HOOK:

“Solar can’t power big appliances” — Is that really true?

BODY:

A lot of Nigerians still believe solar is only good for charging phones or lighting bulbs.
But that’s 2020 thinking.
Today’s solar generators can power
It all depends on the battery size.

CTA:

Know what a Lumey Powerbox can carry. Let's guide you.

2. HOOK:

“Switch off or stay broke.”

BODY:

Did you know one iron can consume more power than 10 fans?
Or that a constantly plugged TV drains power even when turned off?
Knowing what appliances guzzle the most electricity can save you thousands monthly.

CTA:

Follow us for smart power tips every Nigerian should know.

3. HOOK:

“Solar panels will shock you in the rain.”

BODY:

False.

Solar setups are built with weatherproof materials — rain, sun, or harmattan.

As long as it's properly installed, your system is safe, grounded, and designed to handle Nigerian weather.

CTA:

Get the facts before you get the fear. We can help.

4. HOOK:

Still using fuel gen for basic appliances?

BODY:

It's like using a danfo to deliver meat pie. Waste of fuel, waste of time.

Solar is smarter — zero noise, zero fumes, lower long-term cost.

Use gens for backup. Let solar do the everyday lifting.

CTA:

Take the first step to smarter, cleaner power.

5. HOOK:

Ever heard of a generator explosion?

BODY:

Fumes, overheating, spilled fuel — petrol gens can be risky.

Solar generators? No fire hazard. No toxic air. Just light, peace, and silence.

Safer for your home. Better for your kids.

CTA:

Choose peace of mind with Lumey Powerboxes.

1. HOOK:

"NEPA has improved" — but has your peace of mind?

BODY:

Even on NEPA's best days, outages still happen.

Why gamble your productivity on hope?

Solar gives you consistent light — no stories, no fuel queues.

CTA:

Be in control. Go silent, go solar.

2. HOOK:

Still think solar is too expensive?

BODY:

Break the myth.

Solar isn't for the rich — it's for the smart.

With flexible sizes and zero running cost, a Lumey Powerbox pays for itself fast.

CTA:

Let's help you choose the right fit for your budget.

3. HOOK:

"I don't have roof space" — No wahala.

BODY:

Good news: you don't need rooftop panels to enjoy the lumey power box.

Lumey Powerboxes can be charged with NEPA or Generator.

Just plug and power.

CTA:

Discover portable solar that fits your lifestyle.

4. HOOK:

Diesel costs ≠ peace of mind.

BODY:

High fuel prices, constant noise, black smoke...

Gens are draining your pocket and your sanity.

A one-time switch to solar saves years of fuel stress.

CTA:

Run the numbers solar wins every time.

5. HOOK:

What can this box power? More than you think.

BODY:

From laptops to TVs, fans to freezers —
Each Lumey Powerbox is designed for real Nigerian needs.
Power your business, home, or office... in silence.

CTA:

Check which Powerbox fits your daily load.

6. HOOK:

Tired of the “Power go soon come” lie?

BODY:

NEPA excuses won't keep your shop open or your kids cool.
Solar is steady. Reliable. Yours to control.
And best part? No need to wait.

CTA:

Let's get you powered — for real this time.

7. HOOK:

Remote work + dead battery = disaster.

BODY:

Zoom call. Laptop dies. Fan goes off.
You can't afford interruptions.
A Lumey Powerbox keeps your work flowing, even when NEPA doesn't.

CTA:

Power your hustle. Stay ready.

8. HOOK:

Power cuts kill sales.

BODY:

Imagine a boutique in darkness at 6PM.

Or a POS shop unable to charge phones.

Solar gives businesses 24/7 light — no generator noise, no missed income.

CTA:

Stay open. Stay powered. Stay paid.

9. HOOK:

Your child deserves better than sweating through homework.

BODY:

No light = no fan, no internet, no focus.

A simple solar setup keeps them learning and cool, all day, all night.

Power isn't a luxury — it's a basic need.

CTA:

Give your family the gift of uninterrupted light.

10. HOOK:

What if light was always available?

BODY:

No noise. No smoke. No petrol runs.

Just clean, constant, quiet power in a box.

That's what Lumey delivers.

CTA:

This is your sign. Try solar the smart way.

Educative 2

1. HOOK:

Not every “cheap gen” is cheap in the long run.

BODY:

N10k for repairs. N5k for fuel. N3k for oil.

Every week. Every month.

You’re spending more than a solar investment would cost.

CTA:

Let solar cut your hidden costs.

2. HOOK:

You don’t need rooftop panels to enjoy solar.

BODY:

No need for wiring or wall drilling.

Lumey Powerboxes are plug-and-play.

Charge, connect, and power your essentials — anywhere.

CTA:

Simple power. Just the way life should be.

3. HOOK:

“How many hours can it last?” Let’s break it down.

BODY:

A fully charged Lumey Powerbox 1200 can run:

- Fan: 24hrs
- Laptop: 40hrs
- LED TV: 10hrs

Get the facts before you assume.

CTA:

Ask us for a personalized power audit.

4. HOOK:

You're charging phones with a gen? Stop that!

BODY:

Generators are too powerful for small loads.
They burn fuel for what solar can handle freely.
Save your fuel for emergencies.

CTA:

Power smart. Switch to solar for daily basics.

5. HOOK:

Solar doesn't make noise. But it makes sense.

BODY:

No smoke. No roar. No complaints from neighbors.
Solar is the silent hustle partner your gen can never be.
Peace of mind in every watt.

CTA:

Upgrade to noise-free power.

6. HOOK:

Stop mixing appliances on extension cords.

BODY:

One wrong plug can cause sparks or overloads.
Always split heavy appliances across sockets.
Solar or not, safety first.

CTA:

Protect your devices. Use power responsibly.

7. HOOK:

Still waiting for “stable NEPA”?

BODY:

10+ years of waiting. No results.
But solar? It's instant.
Once it's yours, the power is yours.

CTA:

Don't wait for light. Create yours.

8. HOOK:

Don't charge your solar at night.

BODY:

Your Powerbox charges best during the day.
Avoid waiting till 7PM to start.
Midday sun = maximum juice.

CTA:

Use the sun right. Get the best out of solar.

9. HOOK:

Solar doesn't require constant repairs.

BODY:

No fuel leaks. No carburetor.
Just clean tech that works — day in, day out.
Spend less time fixing, more time living.

CTA:

Enjoy maintenance-free power.

10. HOOK:

Don't plug an iron into your Powerbox. Please.

BODY:

Irons, kettles, hotplates = high wattage.

They drain battery fast and may damage the unit.
Stick to essentials like fans, laptops, TVs, etc.

CTA:

Know your limits. Use solar wisely.

11. HOOK:

Your gen should not be indoors. Ever.

BODY:

Fumes from petrol generators can be deadly.
Carbon monoxide is odorless but dangerous.
Always place gens outside and far from windows.

CTA:

Choose safety — or better still, go solar.

12. HOOK:

BODY:

Every daySolar isn't a trend — it's a transition., more homes and businesses unplug from NEPA.
Not because it's cool. But because it works.
Solar is no longer a backup. It's the main plan.

CTA:

Be part of the smart energy shift.

13. HOOK:

Rainy season ≠ no solar.

BODY:

Your Powerbox charges even under cloudy skies.
While charging may slow down, it doesn't stop.
And guess what? You store power for night use.

CTA:

Rain or shine, Lumey powers on.

14. HOOK:

Overloading kills solar batteries fast.

BODY:

Trying to power your deep freezer + blender + TV at once?

Your battery will suffer.

Respect wattage ratings and keep your battery healthy.

CTA:

Know your limits. Preserve your power.

15. HOOK:

Your baby deserves uninterrupted sleep.

BODY:

No light. No fan. Mosquitoes everywhere.

Don't let power outages disturb your home.

A silent solar backup = better nights for everyone.

CTA:

Make nights peaceful again.

1. Silent. Powerful. Ready When You Are.

Tired of noisy generators ruining your peace?

The Lumey Powerbox 550 delivers clean, silent energy — perfect for your home office or evening relaxation.

No fumes. No fuel. Just power.

Explore calm power today.

2. Your Business Deserves 24/7 Power.

From frozen stock to POS downtime — don't let power cut your income.

The Lumey Powerbox 1200 keeps your shop running, day and night.

Plug in, and never power down.

Power your hustle with Lumey.

3. Home is Where the Light Stays On.

Movie nights, fridge running, Wi-Fi strong — even when NEPA says “No light.”

The Lumey Powerbox 2100 covers all your essentials without a second thought.

Stay on, even when they go off.

4. Don't Just Charge. Power Up.

Charging phones is one thing.

Running blenders, TVs, fans, and lights? That's the Lumey Powerbox 550 flex.

Small size. Big results.

Tap into smarter solar today.

5. No Wires, No Noise. Just Light.

Say goodbye to tangled wires, noisy engines, and fuel costs.

Our plug-and-play solar solutions are ready when you are.

Let your home breathe again.

6. Light for Your Laptop, Power for Your Plans.

Freelancers, remote workers, and students — the Lumey Powerbox 1200 keeps your grind on track.

Zoom, charge, upload — all day, every day.

Work without blackout breaks.

7. The Solar Generator That Pays You Back.

No more spending ~~N30k–N50k~~ monthly on fuel.

The Lumey Powerbox pays for itself — and then some.

Invest in power that saves.

8. Power When You Want It. Not When NEPA Allows.

Dinner time. Work time. Study time.

With the Lumey Powerbox 2100, you're always switched on.

Make “No light” a thing of the past.

9. Your Beauty Salon's Backup Has Arrived.

Hair dryers, ring lights, fans, and more — powered silently.

Keep appointments, keep clients, keep glowing.

The Lumey Powerbox 1200 is your silent assistant.

10. Built for Power Cuts. Designed for Your Life.

From short blackouts to overnight outages — the Lumey Powerbox 3300 is ready.

Fridge, TV, Wi-Fi, AC — handled.

Meet the solar generator that powers comfort.

11. Your Office, Fully Powered. Always.

Laptops. Routers. Printers. Conference calls.
The Lumey Powerbox 2100 supports your workspace without a blink.
Power that matches your ambition.

12. Power for One Room? We've Got You.

Lights. Fan. Charging stations. All handled by the Powerbox 550.
Perfect for students, renters, and small families.
A little box, a lot of light.

13. Lights Out? Not On Our Watch.

When the power goes, Lumey steps in — instantly.
From fans to smart TVs, our Powerboxes keep your life powered.
Zero noise. Full backup.

14. The Power of Choice. The Peace of Lumey.

Choose from 550Wh to 6.5kWh battery options.
Tailored for your lifestyle, business, or home.
There's a Lumey for everyone.

15. Stop Managing. Start Living.

Switching off appliances, unplugging fridges — just to save power?
Not anymore. Lumey Powerbox 3300 runs your full home like a boss.
Light up. Breathe easy.

16. Myth: Solar Can't Power Big Appliances

Truth? Our Lumey Powerbox 3300 powers your fridge, freezer, fans, TV, blender — at once.
Heavy-duty solar backup, made for Nigerian homes.
Stop guessing, start switching.

17. If You're Charging with Fuel, You're Overpaying.

Why burn ₦1,000 of petrol just to charge phones or power a fan?
The Lumey Powerbox 550 delivers clean power — silently, daily.
Smarter energy. Better savings.

18. Safety First. Always.

Fuel leaks. Carbon monoxide. Generator fires.
With Lumey solar, you're not just saving money — you're protecting lives.
Choose clean. Choose safe.

19. How Many Hours Does Your Light Last?

With a Lumey Powerbox, you get 10–24 hours of power depending on your usage.
No interruptions. No stress.
Power that keeps up with your day.

20. Yes, Solar Works in Nigeria — and It Works Well.

Our Lumey Powerboxes charge even on cloudy days.
Rainy season? No wahala. You're still covered.
Built for Nigerian weather.

First-time user, now proud ambassador.

Lumey Powerbox 1200 exceeded all her expectations.

⭐ Test it. Trust it.

#LumeyEnergy #CustomerLove #SolarMyths #SolarInNigeria #24hrPower #FuelFreeLife

9. “It Paid for Itself in 2 Months!”

Tunde compared fuel cost vs Lumey usage.

He's saving over ₦50,000 monthly now.

🌱 Save smart. Go solar.

#LumeyEnergy #SolarSavings #CustomerVoices #FuelFreeLife #24hrPower #GoSolarNaija

10. "From Generators to Greatness."

A Lagos boutique now powers lights + POS with Lumey.

No downtime = more walk-ins = more sales.

🛍️ Small biz, big energy.

#LumeyEnergy #SmallBizPower #CustomerSuccess #SolarGenerator #LightUpNigeria
#SilentPower

11. "I Charge Once, I Use All Day."

The Lumey Powerbox 550 gives Bashir enough juice to run his fan, bulbs, and modem all day.

No stress. No top-ups.

🔌 Just pure power.

#LumeyEnergy #SolarBackup #CustomerTestimonial #24hrPower #FuelFreeLife #GoSolarNaija

12. "Lumey Is the Best Investment I Made This Year."

From student life to work-from-home.

Funke powers her devices and stays ready 24/7.

💡 Join thousands switching daily.

#LumeyEnergy #BestBuy2025 #SolarForStudents #WorkFromHomePower #CustomerReview
#GoSolarNaija

13. "We Hosted a Party Without PHCN." 🎉

It was all vibes and full light.

Lumey 2100 powered the DJ, fridge, and lights.

⚡ Take your events off-grid.

#LumeyEnergy #PartyPower #CustomerTestimonial #SilentPower #24hrPower #GoSolarNaija

14. “This Powerbox Is a Life-Saver for My Kids.”

With stable light, homework and bedtime routines are smoother.

Mrs. Benson swears by her Lumey 1200.

 Give your family steady light.

#LumeyEnergy #SolarForHomes #CustomerStories #LightUpNigeria #24hrPower #SilentPower

15. “Even During Rainy Days, We Still Had Power.”

Lumey’s smart charging tech keeps the power going — no matter the weather.

A dependable friend, all season long.

 Built for Nigeria.

#LumeyEnergy #RainySeasonReady #SolarInNigeria #CustomerTestimonial #GoSolarNaija
#24hrPower

16. “We Run Our Salon Without a Generator.”

Hair dryers, clippers, POS, and fan — powered by Lumey Powerbox 2100.

Smooth customer service.

 Light up your hustle.

#LumeyEnergy #SalonPower #SolarForBusiness #CustomerVoices #FuelFreeLife #SilentPower

17. “No More Fumes in the Kitchen!”

Lumey now powers blenders, fans, and bulbs in Chef Ada’s restaurant.

Safe, clean energy that lets her focus on food.

 Cook safe. Power smart.

#LumeyEnergy #KitchenPower #CleanEnergy #CustomerStory #FuelFreeLife #GoSolarNaija

18. “I Recommended Lumey to 5 Neighbours.”

And they're all happy!
Solar power is contagious when it works this well.
 Spread the light.

#LumeyEnergy #ReferralPower #CustomerTestimonial #24hrPower #SilentPower
#SolarGenerator

19. "I Work Remotely Without Worrying About NEPA."

Jide's Lumey Powerbox 550 powers his laptop and MiFi for hours.
No missed deadlines.
 Freelance with confidence.

#LumeyEnergy #RemoteWork #SolarBackup #CustomerReview #GoSolarNaija
#WorkWithoutWahala

20. "My Children Can Now Read at Night."

No more candles. No more blackout excuses.
Steady power = brighter future.
Light the path to learning.

1. "This Powerbox Changed My Shop Game!"

"I used to close early once NEPA went off. Now? I work late, customers are happy, and profits are up. Lumey brought consistency to my hustle!"

Your business deserves uninterrupted light.

#LumeyEnergy #SolarForBusiness #SilentPower #GoSolarNaija #24hrPower #LightUpNigeria

2. "Finally, My Kids Sleep Peacefully"

"We used to sweat through the night when there was no power. But Lumey changed everything. Quiet, clean, constant light."

 Give your family the comfort they deserve.

#LumeyEnergy #FuelFreeLife #SolarInNigeria #SolarGenerator #NepaAlternative #24hrPower

3. "No Fuel. No Stress. No Wahala."

"I haven't stepped near a petrol station in 2 months. Lumey is powering my freezer, fan, and TV

like a boss.”

Make the switch that saves you daily.

#GoSolarNaija #LumeyEnergy #Solar #Power #SilentPower #NEPAAAlternative

4. “From Classroom Chaos to Calm”

“Our school used to cancel classes when there was no power. Now, we run lessons uninterrupted—thanks to Lumey.”

Learning never stops with reliable power.

#LumeyEnergy #SolarForEducation #LightUpNigeria #24hrPower #FuelFreeLife #SilentPower

5. “The Best Investment We Made This Year”

“Our office productivity doubled. No downtime. No generator noise. Just clean, efficient power.”

Upgrade your workspace.

#LumeyEnergy #SolarForBusiness #NEPAAAlternative #GoSolarNaija #SilentPower #24hrPower

6. “Even NEPA Was Surprised”

“Our neighbors asked how we always have light. I told them, ‘It’s not NEPA. It’s Lumey.’”

Let your light speak for you.

#LumeyEnergy #GoSolarNaija #24hrPower #SolarGenerator #FuelFreeLife #LightUpNigeria

7. “Peace of Mind in a Box”

“I travel a lot. With Lumey, I don’t worry about my fridge defrosting or security going down.”

Protect what matters most.

#LumeyEnergy #SolarForHomes #24hrPower #PowerSecurity #SilentPower #SolarGenerator

8. “We Went Solar. We Never Looked Back.”

“Our family of six lives entirely on Lumey. It powers everything—quietly and efficiently.”

Start your fuel-free journey today.

#LumeyEnergy #GoSolarNaija #FuelFreeLife #SolarInNigeria #SolarForHomes #24hrPower

9. “Generator? That’s in the Past.”

“I haven’t pulled my generator cord in weeks. Lumey gives me power that’s clean, consistent, and zero-maintenance.”

🚫 Say goodbye to noisy nights.

#LumeyEnergy #SilentPower #SolarGenerator #NepaAlternative #FuelFreeLife #GoSolarNaija

10. “I Just Plug and Relax”

“No more diesel runs. No more blackouts. I plug my Lumey Powerbox and it just works—every single time.”

🔌 Simplicity and stability in one box.

#LumeyEnergy #Solar #Power #24hrPower #LightUpNigeria #SolarInNigeria

LAUNCH SEQUENCE AND PLAN

LAUNCH SEQUENCE AND PLAN

cc: victor ogunniran, blackcanvas2025@gmail.com, cookeyable@gmail.com

Stephen AGBEDE

1. LAUNCH CONTENT VIDEOS
2. SETUP SOCIAL MEDIA CONTENTS
3. PREPARE BLOGPOST AND SOCIAL MEDIA DESIGNS

LAUNCH SEQUENCE / PLAN

1. Anticipation Campaign ending (video to bring all anticipation to a close from (10% - 95% loading)
2. Ready our: About Video + product videos
3. Social Media Followership Plan (Trivia: 5 random winners would be selected from each of our platforms, to encourage Followership)
4. Share links on Whatsapp status and Lumey's Business Whatsapp
5. Launch Discounts offer - 10% off each product (flyer)
6. Product Flyers (550-10,000)

BRAND LAUNCH TO OBSERVE

1. OPAY
2. Innoson Motors
3. Tesla Power Wall
4. Flutter wave
5. Xiaomi Africa (Africa/Nigeria expansion)
6. Jomav / Temu

From observation, we have **5 brands** that have executed **exceptional launch strategies**, especially in the energy, tech, or consumer-focused sectors.

These brands offer different playbooks that we can adapt to the Nigerian solar energy market.

1. OPay (Nigeria)

Why Study Them:

- Excellent grassroots + influencer + digital rollout.
- Targeted pain points (bank queues, cash scarcity).
- Massive brand visibility from day 1.

What to Learn:

- Street-level marketing combined with smart social campaigns.
- Use of referral programs and agents.
- Strong, fast, and clear benefit communication (cashless, instant transfers, etc.)

How Lumey Can Apply It:

- Launch with **real-life use case campaigns** (like we're already doing).
 - Introduce a **referral-based reward system** for installations or demos.
 - Push for agent/installer onboarding before launch day.
-

2. Innoson Vehicles (Nigeria)

Why Study Them:

- Launched as a proudly Nigerian brand solving a clear national need.

What to Learn:

- Positioning as a “homegrown solution” to foreign dependency.
- Use of government, institutions, and bulk partnerships to scale.

How Lumey Can Apply It:

- We would position Lumey as **Nigeria's own solar brand**, solving real, local problems (PHCN, fuel costs, etc.)

3. Tesla Powerwall

Why Study Them:

- Pioneered the “solar battery backup” space with storytelling + visual clarity.

What to Learn:

- Launch visuals explained **how it worked in your home**.
- No tech jargon, only benefits (lights stay on, bills go down).

How Lumey Can Apply It:

- Use **clean visuals** + real scenarios (like we’re already doing with the ongoing flyers).
- Add **explainer animations or video storytelling** at launch.

4. Flutterwave

Why Study Them:

- Used **thought leadership, design, developer communities, and B2B advocacy**.

What to Learn:

- Built trust pre-launch with **brand transparency**, good onboarding, and community involvement.

How We Can Apply It:

- Run a **pre-launch blog series**, building trust & educating on solar.
 - Offer early access or **"Founding Customer" packages**.
-

5. Xiaomi (Africa/Nigeria expansion)

Why Study Them:

- Launched with **value-focused messaging**.
- Positioned themselves as “powerful and affordable tech” for real people.

What to Learn:

- Focus on **price-to-value messaging** and feature clarity.
- Used **flash sales** and “early adopter” discounts.

How Lumey Can Apply It:

- Build anticipation with **early-bird discounts** for 1st 100 customers.
- Show why **Lumey beats fuel generators, inverter setups, and fake solar systems** on price-performance.

Action Steps for Our Launch:

1. **Launch Campaign Theme:** e.g., *"For the First Time in Nigeria, Light Without Limits."*
2. **Day-by-Day Countdown Strategy** (You've already done this well!)
3. **Community or Agent Pre-Launch Activation**
4. **Visual-Focused Explainers** (Short reels, solar unboxing videos, real home/office installs)
5. **Referral System or Ambassador Program** (Target tech hubs, students, tailors, restaurants)
6. **Launch Day Offer:** Free installation? Discount? Bonus bulb/TV kit?

LUMEY ENERGY LAUNCH PLAN CHECKLIST

1. Launch Objectives (Clarify Your WHY)

- Build massive brand awareness in Nigeria
 - Position Lumey as a reliable alternative to generators and unreliable NEPA
 - Generate pre-orders or demo interest for Lumey Powerboxes
 - Recruit key ambassadors/partners/agents in multiple states
 - Launch with real-life relatable stories and strong “human” use cases
-

2. Pre-Launch (Happening Now)

Messaging & Content

- 10+ Teaser Campaign Posts (Done!)
- Define core brand voice: Friendly, Nigerian, reassuring
- Launch blog with 2–3 optimized articles before full launch
- Create master content hub for product pages, FAQ, T&Cs

Visual & Creative Assets

- Product photoshoots (lifestyle + close-ups)
- Installation photo + video assets (houses, offices, restaurants)
- Animated explainer video: “How Lumey Works”
- Design landing page banner and countdown graphics

Lead Generation

- Add WhatsApp + phone CTAs across teaser content

- Setup pre-order/demos form via Google Form or Tally.so
- Start building launch email list from interested leads
- Enable “Reserve a Unit” or “Book Free Assessment” on site

✓ Influencer/Community Engagement

- Compile list of 50 micro-influencers (Tech, SMEs, Fashion, Youth)
- Reach out with teaser + “Be part of the energy shift” message
- Incentivize early affiliate partners (e.g., 3% referral commission)

3. Launch Week (Target Date: Mid-Month)

✓ Content Releases

- Launch Day Video + Announcement Post
- Launch Product Page with FAQs, Load Table, Use Cases
- Launch “Power Up Nigeria” Blog Post Series (3–5 posts)

✓ Social & Ads

- Boosted Facebook + IG ads to teaser/launch campaign
- Run “Switch to Lumey Challenge” or testimonial contest
- Nairaland banner ads go live with call-to-action

✓ Offers & Conversions

- Offer: 5–10% off on **first 100 customers**
- Offer: Free home/office installation for launch month
- Add Installment plan info clearly on every product

✓ Product Pages

- Add detailed flyer-style product writeups (Load table, specs, price, etc.)
 - Add Install Now or Book Free Survey button per Powerbox
 - Embed reviews/testimonials (even if internal/friends at first)
-

4. Post-Launch (Next 30–60 Days)

✓ Customer Retention

- Follow-up call/WhatsApp for new buyers: “How’s it going?”
- Ask for testimonials with photos/videos
- Begin loyalty program: Refer a friend, earn credit

✓ SEO & Blog Growth

- Publish 1–2 SEO blog posts weekly (solar, fuel, NEPA, etc.)
- Target long-tail keywords like “how to choose solar battery in Nigeria”
- Internal linking to product pages in every article

✓ Distribution Expansion

- Launch reseller/agent onboarding form
 - List on Jiji, Konga, Jumia with premium listings
 - Begin city-by-city activation (starting Lagos, Akure, Ibadan)
-

5. Operational Readiness

- Warehouse & Stock Ready

- Installation Teams Prepped
- Delivery & Fulfilment SOPs written
- Agents equipped with onboarding kits

BONUS: Emotional Brand Hooks

- “For the First Time in Nigeria... You Can Sleep in Peace Without Gen Noise.”
- “Power Without Fuel. For Restaurants. For Students. For You.”
- “Nigeria’s Most Loved Powerbox.”

<https://docs.google.com/document/d/1ymUNQQfKr8Ifcy7VZPcnoFSTpkPxiVc469e4NggpDAg/edit?tab=t.pyreo11fwry1>

LAUNCH CALENDAR

Strategic 3-phase Launch Content Calendar

Pre-Launch → Launch Week → Post-Launch (30 Days).

It's designed to **build anticipation**, **educate users**, **drive conversions**, and position Lumey as Nigeria's go-to solar brand.

PHASE 1: TEASER & AWARENESS (Pre-Launch Week)

Goal: Build buzz, highlight pain points, show anticipation loading...

Day	Platform	Content Type	Content Idea	CTA/Goal
Mon	Instagram, Twitter, FB	Anticipation Post #1	"Ade runs a studio, but pays crazy electricity bills... How long will this last?"	 <i>Anticipate.</i> <i>10% Loading...</i>
Tue	IG Reels, TikTok	Short video	"Why do we pay for NEPA and still buy fuel daily?"	Drive awareness
Wed	WhatsApp Status	Image Teaser	"Cartoons stop halfway. Mama tired. NEPA again? 30% loading..."	Build emotional connection
Thu	Nairaland Banner	Static Banner Ad	"Power your freezer for 24hrs. No fuel. No noise. Lumey is coming."	Click to pre-signup
Fri	Blog	Soft Launch Article	"Top 5 Reasons Nigerians Are Switching to Solar Power" (SEO blog)	SEO boost & awareness
Sat	Email/SMS	Early Access Notification	"Be the first to get Nigeria's quietest solar powerbox. Click to register."	Drive email collection
Sun	All Platforms	Teaser Recap	"From barbers to students, it's time for a better way. 60% loading..."	Hype up launch week

PHASE 2: LAUNCH WEEK (Full Reveal)

Goal: Reveal products, announce offers, drive demo/pre-orders

Day	Platform	Content Type	Content Idea	CTA/Goal
Mon	IG/Facebook/Twitter	Main Launch Post	"It's Here: Power That Doesn't Need Fuel. Meet the Lumey Powerbox Family."	Visit website / Explore powerboxes
Tue	Blog	Product Blog	"How Solar Generators Work: Everything You Need to Know Before You Buy"	SEO/educational
Wed	IG Stories/Reels	Testimonial Videos	"We tried Lumey for 24hrs — see what happened..." (Barber, Mama Chika)	Build trust
Thu	Website & WhatsApp	Price Reveal Flyer	"Powerbox 2100 - ₦500k	Powerbox 3300 - ₦820k
Fri	Blog	Buying Guide	"Which Lumey Powerbox Is Right for You?"	Convert readers to buyers
Sat	WhatsApp + Email	Promo Alert	"5% OFF for the First 100 Buyers. Ends Monday!"	Urgency & conversions
Sun	Instagram Carousel	Use Case Gallery	"For students. For salons. For restaurants. Which one are you?"	Showcase diversity & shareability

PHASE 3: POST-LAUNCH MARKETING (Next 30 Days)

Goal: Sustain traffic, boost sales, deepen brand loyalty, SEO growth

Week	Day	Content Type	Topic/Idea
Week 1	Tues	Blog (SEO)	"Top 7 Appliances You Can Power With Lumey Solar Generators"
	Thurs	Instagram Reels	"Freezer. 24hrs. Zero fuel. Let's show you how."

Week 2	Mon	Blog (SEO)	"How to Choose the Right Solar Generator for Your Home or Business in Nigeria"
	Fri	Flyer Post (Retail/Office)	"Restaurant? Boutique? Choose a Powerbox That Fits Your Need."
Week 3	Tues	Customer Story (Video)	"We used Lumey for 7 days in our salon — here's our result."
	Sat	Blog (SEO)	"Why Nigerian Students Are Buying Solar Generators Instead of Fuel Gen"
Week 4	Wed	Carousel Post	"5 Problems Lumey Solves That NEPA Can't"
	Fri	Launch Offer Recap	"Still thinking? Our launch promo ends in 48hrs!"

✨ Bonus Tips

- **Cross-post all blogs** to WhatsApp status, Nairaland, and Facebook groups.
 - Add **QR codes on flyers** that link to your blog or order page.
 - Include **weekly WhatsApp broadcast messages** (testimonials, promo countdown, blog link).
-

Would you like me to now design an editable **social content calendar template** (Google Sheets or Notion version)? Or go deeper into **blog post writing queue** for each week?

GENERAL COMMENTS

Adedeji Jedidiah Ogunsola - our tone of communication must be intentional to reduce ambiguity. Pay attention to benefits more than features

Contents would also be tailored to different use cases e.g Those who are in restaurants , requiring freezer to always be powerd on, our freezer plan, think of different use cases, remote workers , students etc

Also preach more the advantage of solar generator system to other dectralized system

Try to see how to sync more the new bio; Nigeria's No 1 producer or manufacturer and partners in solar energy innovative solutions.

Heling nigerians stay productive by getting thm 24 hours light and kep their devices powered up.

Solar Generators | Power stations | energy storage banks.

Adedeji Jedidiah Ogunsola WELL DONE SO FAR. BRAVO
victor ogunniran messages and instructions received, sir
Thank you sir

VIDEOS + VIDEOS SCRIPTS

INTRO VIDEO SCRIPT

LUMEY ENERGY - 1-MINUTE BRAND INTRO VIDEO SCRIPT

Title: *"What If Power Never Left?"*

Duration: 60 seconds

Tone: Bold, Visual, Aspirational, Nigerian-relatable

Format: Designed for social media virality & brand storytelling

[0:00–0:05]

Scene: House in Nigeria. Power goes out. People groan. A child screams "NEPA!"

Narrator (VO, soft):

"What if... the lights never went out?"

[0:06–0:10]

Cut to: A generator coughing, spitting smoke. Someone fanning themselves in a hot room.

Narrator (VO):

"What if noise, fumes, and fuel were no longer your story?"

[0:11–0:15]

Scene changes: Calm. A hand places the sleek Lumey Powerbox on a table. A faint glow powers on.

Narrator (VO, rising energy):

"What if power... was silent, clean, and always ready?"

[0:16–0:25]

*Montage:

- A woman working on a laptop.

- A small business running a PoS.
- A child doing homework under bright light.
- A man watching football with chilled drinks beside him.*

Narrator (VO):

*"This isn't a 'what if'. This is **Lumey**.*

Your personal power station. Built for homes. Built for hustle. Built for Nigeria."

[0:26–0:35]

*Quick cuts:

- Solar panel charging
- Plugging into NEPA
- Smooth night lighting
- Zero fuel, zero fumes, zero noise.*

Narrator (VO):

"No fuel. No noise. No stress.

Charge it your way—solar, NEPA, or even your old generator."

[0:36–0:45]

Scene: A lineup of Lumey Powerboxes (550, 1200, 2100, etc.) glowing like stars. Logo appears subtly.

Narrator (VO):

"From quiet corners to full-house setups, there's a Lumey for you."

[0:46–0:55]

Scene: Time-lapse of a city at night, with one house glowing steady while others flicker.

Narrator (VO):

"Because power shouldn't be a privilege.

It should be your right... every single day."

[0:56–1:00]

Final shot: Lumey logo appears on screen with tagline. Calm, confident tone.

Narrator (VO):

"Lumey Energy. Light Up. Power On."

Text On Screen:

2.

LUMEY ENERGY – 1-MINUTE VIDEO SCRIPT

Title: *"The Boy Who Stole the Sun"*

Concept: A village boy is rumored to have stolen sunlight. The truth? He discovered Lumey.

Genre: Magical realism + mystery + visual metaphor

Tone: Cinematic, poetic, powerful.

[0:00–0:07] – Scene 1: The Whispering

Shots of villagers gathering in hush tones. A boy walks through a dimly lit village street with a small device glowing in his hand.

Voiceover (low, curious):

"They say the boy stole the sun..."

[0:08–0:15] – Scene 2: The Rumor Spreads

Montage of children pointing, old women gossiping, a chief frowning, and newspapers with headlines: "Light Without NEPA?"

Voiceover (mystical):

"From nowhere, his house had light... his fan blew, his laptop worked... even when the town slept in darkness."

[0:16–0:30] – Scene 3: The Discovery

*Flashback to the boy setting up a sleek **Lumey Powerbox**, plugging in his lamp, watching YouTube tutorials, powering his dreams. His siblings gather to read under the light.*

Voiceover (soft, proud):

"He didn't steal the sun. He harnessed it."

[0:31–0:45] – Scene 4: Revelation

Wide shot of the boy on a hill at sunset. In front of him, the Lumey Powerbox glowing gently. Camera zooms in to reveal the logo.

Voiceover (rising):

*"With Lumey, even the smallest hands can hold power.
Even the humblest home can light up like the future."*

[0:46–1:00] – Outro

Beautiful slow-mo of the boy walking back into his now-lit house. Fan spins, bulbs shine. A younger sister giggles under the light.

Text on screen (white on black):

LUMEY ENERGY

Silent. Solar. Steady.

No Fuel. No Noise. Just Light.

Customers Reviews and Testimonials

Customers Reviews and Testimonials

Lumey Energy changed everything for my home and freelancing work!

I haven't used my fuel gen (nor gotten fuel) in weeks.

I got the Lumey Powerbox 2100, and it has been amazing....

Quiet, reliable, and long-lasting, I even get to power my refrigerator for about 2 hours...and my remote work has been going unhindered for weeks now. The only thing I don't use on my Powerbox 2100, presently, is the pumping machine and A/C.

Hopefully, I will upgrade to the Powerbox 3300 soonest.

Thank you Lumey Energy, I barely worry about NEPA and fuel anymore.....exactly what I needed in this economy.

2.

"As a remote worker, constant light is non-negotiable. Since getting my Lumey Powerbox, I've enjoyed uninterrupted Zoom calls and stable WiFi all day."

3.

"We bought Lumey for our small restaurant and it's been a total game changer. Our blender, fridge, and POS are always on. I love it!"

4.

"This is honestly the best solar generator I've used. It powers my TV, fan, router, and charges phones effortlessly. Zero noise. Zero fuel. 100% peace."

5.

"I highly recommend Lumey to anyone tired of NEPA wahala. Their team was professional and the delivery was smooth. I'm happy!"

6.

"After months of spending money on petrol, I finally switched. My Lumey Powerbox has saved me thousands already."

7.

"The battery life is 🔥. I charge it during the day and use it all night. If you live in Nigeria and want peace of mind, go for Lumey."

8.

"I stay in a student hostel and NEPA is terrible. Lumey has been my best investment so far. It powers my laptop, ring light, and fan."

9.

"It's been 3 months now and my Lumey Powerbox is still as solid as day one. Very reliable. No regrets!"

10.

"Their customer service is amazing! They helped me choose the right box for my needs and explained everything clearly. 10/10."

11.

"As a business owner, I needed something I could trust. Lumey has been powering my small office and printer non-stop."

12.

"I was skeptical about solar at first, but Lumey convinced me. It charges fast and powers my essentials longer than expected."

13.

"I no longer worry about noise or fumes. Lumey is quiet and safe, especially with kids around."

14.

"Lumey came through when my inverter failed. I'm telling everyone I know to ditch fuel and switch to solar with Lumey."

15.

"From delivery to performance, Lumey Energy has been excellent. Best thing I bought this year!"

REQUEST FOR REVIEW

Hi [Customer's Name], we'd really appreciate it if you could leave a quick Google review using the message below.

It helps other Nigerians discover the peace of silent, fuel-free power.

Thanks so much!

Lumey Energy Marketing Strategy Documentation

Overview

Lumey Energy is committed to driving clean, affordable, and accessible power solutions across Nigeria. To achieve strong brand visibility, customer acquisition, and retention, the marketing strategy will combine digital, physical, and partnership-based channels for maximum reach and impact.

1. Social Media Marketing

Objective:

Build a strong online presence to increase brand awareness, educate the market, and drive engagement.

Execution Plan:

- Platforms: Instagram, Facebook, X (Twitter), WhatsApp, YouTube
- Content Types:
 - Product education (e.g. what each Powerbox can power)
 - Testimonials & use-case stories
 - Video reels/animations
 - Promo announcements
 - Power tips and facts
- Weekly content calendar for consistent posting
- Hashtag strategy: #SolarMadeEasy #LightWithoutWahala #LumeyPower
- Influencer collaborations & micro-influencer shoutouts
- Social media contests and giveaways

Expected Outcome:

- 5k+ engaged followers in 3 months
 - High daily impressions and direct DMs from interested customers
-

2. Ads Campaigns (Online & Offline)

Objective:

Increase targeted visibility, capture new leads, and drive product sales.

Execution Plan:

- Google Search Ads (targeting: “solar generator Nigeria”, “affordable inverter”, etc.)
- Facebook & Instagram Ads (targeted by interests, behaviours, & locations)
- WhatsApp Story Boost Campaigns
- Sponsored blog posts & influencer promo
- Billboard or fliers for strategic offline exposure (hubs, campuses, etc.)

Expected Outcome:

- 10,000+ reach monthly
 - Minimum 3% conversion on retargeted campaigns
-

3. Lead Generation Bot

Objective:

Automate customer inquiry handling and lead qualification 24/7.

Execution Plan:

- Deploy WhatsApp chatbot for:
 - Product inquiries
 - Load calculator support
 - Booking sales consultations
 - Follow-up reminders
- Integrate with CRM for easy tracking
- Promote bot access via Link in Bio, Ad CTAs, and DM replies

Expected Outcome:

- 30+ qualified leads weekly
 - Reduced manual handling of FAQs
-

4. Physical Marketing (Outreaches)

Objective:

Create physical touchpoints and demonstrations that boost trust and drive purchases.

Execution Plan:

- Targeted outreaches in:
 - Restaurants
 - Work hubs/co-working spaces
 - Schools and campuses
 - Local tech/market clusters
- Branded tents, sample demos, and POS-ready reps
- Real-time testimonials during activations
- Feedback collection forms & WhatsApp opt-ins

Expected Outcome:

- 100+ direct engagements per activation
 - 10–20 new customers per outreach
-

5. Referral Models

Objective:

Encourage existing users to promote Lumey organically.

Execution Plan:

- Set up a referral reward system:
 - ₦5,000 off for referring a new customer
 - Cashback or discount on next Powerbox purchase
- Digital referral codes and tracking
- Special bonuses for bulk referrals (agents, cooperatives)

Expected Outcome:

- 20% of monthly sales from referral system
 - Increased word-of-mouth advocacy
-

6. Sales Deals (Wholesale & Retail Partnerships)

Objective:

Expand market reach through strategic distribution partnerships.

Execution Plan:

- Design a scalable wholesaler & retailer onboarding model:
 - Wholesale pricing tiers for 5+, 10+, 20+ units
 - Dealer marketing support package (flyers, banners, etc.)
- Partner with electronics stores, market dealers, resellers, and cooperatives
- Provide resale training and branding support
- Document and onboard dealers through a sales partner portal

Expected Outcome:

- 15+ wholesale partners by end of Q2
 - Nationwide retail footprint within 12 months
-

Bonus: Performance Monitoring & Tools

Metrics to Track:

- Website traffic and product page visits
- Cost per lead/sale on ads
- Social engagement (likes, comments, shares, reach)
- Conversion rates (bot to purchase)
- Referral conversions
- Channel-wise revenue tracking

Tools to Use:

- Meta Ads Manager
- Google Analytics
- WhatsApp Business API
- CRM platform (e.g. Hubspot, Zoho)
- Social scheduling tool (e.g. Buffer, Later)

2. Ads Campaigns (Online & Offline)

Objective:

Drive targeted awareness, increase traffic to sales channels, and boost conversions.

Execution Plan:

Online Ads:

Google Search & Display Ads targeting keywords like:

“Affordable solar generator in Nigeria”

“Buy inverter alternative”

Facebook & Instagram Ads:

Segmented by interest (solar, real estate, business owners)

Geo-targeted by high-demand cities/states

WhatsApp Status Ads: using existing customer stories or deals

Influencer Sponsored Posts & Promo Threads

Offline Ads:

Billboard placements in busy city areas

Flyers in tech hubs, offices, campuses, and cafes

Expected Outcome:

10,000+ reach monthly

Minimum 3–5% conversion rate from retargeted audiences

Growth in lead generation and website/product traffic

3. Lead Generation Bot (WhatsApp Automation)

Objective:

Automate the customer interaction journey from inquiry to consultation with minimal human effort.

Execution Plan:

Deploy a WhatsApp Chatbot that handles:

Product info & pricing

Load calculator for appliances

Booking a sales call or demo

Payment assistance & FAQ resolution

Integration:

CRM to collect lead data (Hubspot, Zoho, etc.)

Track response times and user intent

Promotion Channels:

Instagram bio link

CTA on reels, ads, and flyers

Auto-replies to DM inquiries

Expected Outcome:

30+ new qualified leads weekly

Faster conversion time and reduced human workload

4. Physical Marketing Activations

Objective:

Build real-life trust and community credibility through direct engagement.

Execution Plan:

Outreach Channels:

Restaurants & lounges

Co-working hubs and tech parks

University campuses

Local electronics markets and cooperative groups

Activation Tactics:

Branded tents/pop-ups with Powerbox demos

Live use-case display (e.g., blender, fan, laptop)

Sales reps on-site to take orders and inquiries

QR forms to join Lumey WhatsApp

Collect testimonials in real-time

Expected Outcome:

100+ real interactions per outreach

10–20 new customers per location

Increased brand visibility in high-traffic areas

5. Referral Program

Objective:

Turn satisfied customers into active brand promoters.

Execution Plan:

Customer-Based Referral Incentives:

₦5,000 off for each successful referral (Powerbox 550–2100)

₦10,000 for referrals of Powerbox 3300

₦15,000–~~₦25,000~~ for premium models (6500 & 10000)

Bonus base payment of ~~₦25,000~~ if monthly target is hit

Tools & Tracking:

Each customer receives a unique referral code

Referral system integrated with bot and CRM

Agent/Cooperative Bonuses:

Exclusive bonuses for bulk referrals

Expected Outcome:

20% of total sales generated via referrals

Higher retention from referred customers

6. Sales Deals (Wholesale & Retail Partnerships)

Objective:

Expand distribution through strategic partnerships with resellers, retail stores, and wholesale buyers.

Execution Plan:

Wholesaler Program:

Tiered pricing structure:

5–9 units

10–19 units

20+ units (bulk dealer tier)

Marketing support: flyers, display banners, sales materials

Dedicated account support team

Retailer Incentives:

Retailers who buy 2–4 products (even across the month) get:

Bonuses starting from the 2nd purchase

Same tiered incentives as wholesale

Partner Portal:

Onboarding documents

Reseller branding guide

Training videos and sales FAQ

Expected Outcome:

15+ wholesale/retail partners in 3 months

Lumey Powerbox stocked nationwide within 12 months

Bonus: Performance Monitoring & Tools

Core Metrics:

Website visits and session duration

Ads metrics (CTR, CPC, Conversion Rate)

Bot interaction → Purchase conversion ratio

Social growth and content reach

Referral source contribution to sales

Retail/wholesale monthly purchase rates

Recommended Tools:

Google Analytics (website performance)

Meta Ads Manager (campaign tracking)

Hubspot/Zoho CRM (lead & referral management)

WhatsApp Business API + Chatbot tool

Canva + Buffer/Later (content design and scheduling)

Powerbox 15000:

~~N~~100,000 OFF each powerbox

Thank you, Sir

Tab 49

Tab 50

"I don't know why I waited this long."

Someone told Nigerian business owners that "this is just how Nigeria is."

And somehow we believed it. So we budgeted for fuel. Learned to apologize to customers when the machine wasn't working.

Started closing earlier, quietly rebuilding the whole day around electricity that was never coming.

We called it "being smart." We called it "managing."

Maybe it's actually "moving on".

It wasn't smart. It was a surrender.

Because somewhere along the line, we stopped asking why a business owner in Nigeria should lose 4-6 productive hours every single day.

We made peace with the cold rooms that spoiled a week's stock. We normalized the barber doing fuel math at 10 AM instead of taking customers, and many more...

The breaking point looks different for everyone. For some, it's ruined orders. For others, it's a customer they never saw again.

But the people who've crossed that line - the ones now running on a Lumey Powerbox instead of prayers and petrol, they all say the same thing.

"I don't know why I waited this long."

The suffering was never the price of doing business in Nigeria. It was just a story told long enough to feel true.

What's one thing you stopped doing in your business because of power that you wish to start all over again?
