SECTION 1

The Commercial Reality ("Why It's Easy to Sell")

Every day in Nigeria, an average family burns 10 to 20 litres of petrol just to run a noisy generator for a few hours. At ₦1,150/litre, that is **₦345,000 to ₦690,000 burned in smoke every month.** Meanwhile, Band A tariffs were hiked to **₦209+/kWh**, and national grid collapses leave entire cities in darkness.

Nigerians want a way out. But they don't trust cheap Alaba inverters that spoil after 4 months. They want Lumey PowerBox because it is 100% silent, charges in 2 hours with NEPA or under the sun, and uses Grade-A LiFePO4 batteries with a 5-Year Warranty. When a product pays for itself in 90 days of saved fuel, **it doesn't need to be hard-sold—it just needs to be introduced.**

SECTION 2

The 4 Unfair Advantages to the Affiliate

 **1. NO CAPITAL & ZERO RISK**

You never spend ₦1 on inventory. You don't store boxes in your room or buy demo units.

 **3. THE ₦5K BUYER INCENTIVE**

Your custom code gives buyers an instant ₦5,000 discount, making them eager to buy through you.

 **2. NATIONWIDE DROPSHIPPING**

Lumey handles crating and waybill delivery to all 36 states and Abuja with tracked haulage.

 **4. TUESDAY DIRECT BANK TRANSFER**

No waiting for month-end. Cleared cash is wired straight to your Nigerian bank every Tuesday.

OBJECTION 1 "Will it charge when the weather is rainy or cloudy?"

Send: "Yes! Lumey has Triple-Charging technology. Even on cloudy days, our high-yield monocrystalline panels draw ambient daylight. Plus, whenever NEPA gives light, you can fast-charge 100% full in just 2 hours from your wall socket. You are never stranded!"

OBJECTION 2 "Is it not like cheap Alaba market inverters that spoil in 6 months?"

OBJECTION 3 "Can the PowerBox 1500 power my deep freezer?"

Send: "The PowerBox 1500 is engineered for tabletop fridges (up to 120L), 10kg washing machines, TVs, and blenders. For deep freezers, the PowerBox 2600 (₦1.0M combo) has a 2.5kVA surge capacity designed to start and run deep freezers smoothly."

OBJECTION 4 "How do I know I will get it safely if I am outside Lagos?"

Send: "Lumey delivers nationwide to all 36 states and Abuja in shockproof shipping crates via tracked logistics (Peace Mass Transit Logistics, GIG Logistics) within 24 to 48 hours with waybill tracking."
